By these Terms we do not act in a fiduciary capacity and eToro Australia does not owe any fiduciary obligations to you in respect of its services provided to you in connection with these Terms except as expressly stated in these Terms.

Transactions entered into by you pursuant to these terms will be recorded in the relevant Account established by eToro Australia for that Financial Product or financial service. Unless you have specifically requested eToro Australia to open separate Accounts, you will be taken to have only one Account, with Transactions in respect of each Financial Product or financial service provided to you being recorded in that Account.

3.2 Multiple Accounts

If you have more than one Account, we reserve the right to treat all such Accounts as if they were under one Account. We may limit the number of Accounts maintained by any person or

within a single household, at our sole discretion. For avoidance of doubt, we have a right to combine your Accounts, and a right of set off across all Accounts you hold with eToro Australia.

3.3 The calculations, reporting and administration may be performed by eToro Australia separately for each Account, so that (without limitation):

- (a) Margin calculations may be managed and enforcement action may be taken for each Account separately; and

3.4 eToro Australia may set off any amount owing by you (including any negative balance in one or more Accounts) against any amount eToro Australia owes you in any other Account, without notice. eToro Australia may choose, in its absolute discretion, which Financial Products, Transactions, cash, or account balance or other property to apply to offset the debt. You agree that eToro Australia may apply the set off as among one or more Accounts, before Default and on and following Default.

3.5 The Account Value may reflect any such aggregation or set off any debt or other amount owing from time to time.

3.6 All Accounts will be denominated in U.S. Dollars unless we agree with you that one or more Accounts may be denominated in a foreign currency. You may only instruct eToro Australia to effect a Transaction denominated in another currency if you

have established a relevant Account denominated in that currency.

3.7 You must maintain Margin in the currency of the relevant Account, even if eToro Australia converts that Margin into U.S. dollars for the purposes of managing reports about your Accounts. The conversion for reporting will be at the rate determined by eToro Australia and that rate will not represent any actual conversion or agreed rate for actual conversion.

If you do not have Margin in U.S. Dollars in your Account (or any other foreign currency permitted by eToro Australia) or your Account has a negative account balance in U.S. Dollars (or any other foreign currency permitted by eToro Australia) but you have sufficient funds in another currency (at the current market rate), eToro Australia may allow those other funds to be used to offset the required Margin. eToro Australia may withdraw that permission at any time, without reason or prior notice to you.

3.10 A Client may be comprised of two or more persons. If the Client is comprised of more than one person then the Account will be deemed to be held by the persons as joint tenants despite any actual or constructive notice to eToro Australia of any partnership or other agreement between the persons. 4.5 If the composition or calculation of an Underlying Instrument is adjusted by its issuer, regulator or sponsor, eToro Australia will make such adjustment to the Transaction at the time determined by eToro Australia which reasonably preserves the intended economic effect of the Transaction, but without being obliged to consider your particular circumstances or any adjustments. eToro Australia need not give notice of the adjustment. If the Underlying Instrument becomes subject to a take-over bid, a take-over offer, scheme of arrangement or other mechanism for change in control, then eToro Australia may elect to Close Out the Transaction on a new Closing Date determined by eToro Australia.

We may at any time use, add and change filters within a trading system which prevent delivery of Orders or execution of Orders. We will notify you of any refusal or limitation as soon as reasonably practicable, unless we are prevented by law or a direction from a regulatory authority from notifying you.

- (d) you have engaged in conduct which is a material breach of these Terms;
- (e) you are using our Financial products in the course of criminal activities or in breach of AML/CTF Laws;
- (f) it is appropriate, having regard to the desirability to maintain a fair and orderly market, our

obligations as the holder of an Australian financial services licence or as a participant or user of the relevant Financial Market and our other legal and regulatory obligations; or

- (g) if one or more Financial Products which are the subject of the Transaction (whether as the Underlying Instrument or by way of being comprised in the Underlying Instrument) has been subject to a suspension or trading halt on a Financial Market.

You acknowledge that Exchanges have a range of powers, including the power to cancel or amend a Transaction. This power can be exercised without your permission or our agreement and so may give rise to us cancelling or amending an Order due to an Exchange exercising its powers even though your Transaction issued by us is an over-the-counter Transaction with no interest in any Financial Product the subject of the Transaction and even though we might not have fully or even partly hedged our Transaction with you.

6.5 We will make reasonable efforts to effect any instructions to cancel or amend Orders as quickly as possible. If, however, an Order is filled prior to a cancellation or amendment instruction being effected, you are obliged to accept the Transaction on the original terms prior to your amendment or cancellation instruction, unless the Transaction is itself cancelled or amended.

6.6 In relation to stop loss orders specifically, you understand that we can change the stop loss rate which we will accept at our sole discretion (including in relation to open positions) and that we may give you very short notice of stop loss rate changes, or no notice at all, where an Exceptional Event occurs.

6.7 We may execute Orders for you even in circumstances if we or our associates:

- (a) hold a principal position or deal in the relevant Financial Products;
- (b) provide similar services to other persons in relation to the relevant Financial Products;
- (c) have material price sensitive information relating to the relevant Financial Products if the individuals processing your Order are prevented from knowing or taking into account such information (including, but not limited to, by reason of procedures known as “Chinese walls”); or
- (d) have a potential conflict of interest or duties including, for example, a conflict of interest of which you are not aware and which we are unable to disclose to you.

6.8 Notwithstanding any rule of law or equity to the contrary, eToro Australia is not disqualified from contracting with any person and no contract, transaction or arrangement in which eToro Australia is in any way interested is avoided or rendered voidable by virtue of your agreement with us. eToro Australia is not liable to account to you for any profit realised by any such contract, transaction or arrangement in connection with these Terms or a Transaction. eToro Australia is not required to make any disclosure to you concerning any such contract, transaction or arrangement.

6.9 We and our related bodies corporate may enter into Transactions with you as principal, whether in respect of Financial Products able to be traded on a Financial Market or in respect of over the counter Transactions such as Derivatives or Foreign Exchange related Transactions. When permitted by law and the Rules, we or an associate may take the opposite

position in a Transaction with you. Your Orders may match opposite Orders of another person who is our Client, and this may entitle us to receive commission or other benefits from both Transactions. Similarly, because we deal as principal, then your Orders may match opposite Orders entered by us as principal and you authorise us and consent to us charging you the Transaction Fees and Finance Charges in respect of the Transaction provided by these Terms.

6.10 You are aware of and acknowledge the right of eToro Australia and its related bodies corporate, directors and employees, either on their own account or on behalf of other clients or persons, to deal in any Transaction or take the opposite position to you in Transactions, if permitted (or, if not expressly permitted, then if not prohibited) to do so by the Corporations Act, Applicable Laws and the Rules.

6.11 You acknowledge that we do not operate any discretionary accounts and we will, unless otherwise expressly provided by these Terms, only act on your instructions (including those given by your Authorised Person).

6.12 Unless otherwise specified in these Terms, all Orders will remain open until either cancelled by you or purged by the Online Service. We do not accept responsibility for reinstating lapsed Orders or for contacting you to seek new instructions.

6.13 If a security code or identifier changes, you are responsible for replacing all live and contingent Order codes with the new relevant security code or identifier. We will not be responsible for any live or contingent Orders with the incorrect security code or identifier.

6.14 You must not instruct us to submit an Order to enter into a Transaction which would breach or cause us or any other person to breach the Corporations Act, the Rules or any other Applicable Laws

including, without limitation, any law or the Rules in relation to:

- (a) market manipulation, false trading, market rigging, fictitious transactions, black box trading, scalping, wash trading or matching of Orders;
- (b) insider trading;
- (c) short selling;
- (d) creating a disorderly market or otherwise prejudicing the integrity or efficiency of the market; or
- (e) misleading or deceptive conduct.

6.15 Your instructions to eToro Australia to enter into a Transaction, your Order to eToro Australia to enter into the Transaction and the Transaction remains valid and enforceable against you, without affecting your other liability to eToro Australia even if you (or your Authorised Person) are not authorised by your own rules (such as a corporate or trust constitution or an investment management agreement).

6.16 You agree not to make any Claim against eToro Australia for any Loss incurred or suffered by you which arises in connection with the exercise of any power by ASIC or by the ASX pursuant to the ASX Rules or by any other Exchange which directly or indirectly affects your Transaction, including by way of eToro Australia directly or indirectly, fully or partly hedging your Transaction (whether or not eToro Australia has given you a Confirmation in respect of any affected Transaction) except to the extent that the Loss incurred or suffered is caused by the negligence, fraud or breach of these Terms by eToro Australia.

7. ALLOCATION POLICY

7.1 eToro Australia will deal fairly and in due sequence with all client Orders having

regard to Australian regulatory requirements, market practices and eToro Australia's compliance policies and procedures.

7.2 To the extent that it is reasonably practicable to do so, eToro Australia will allocate all Transactions (including Transactions effected pursuant to Orders placed on eToro Australia's own account) in the sequence in which eToro Australia receives those Orders, subject to filters and compliance review and to any delay or technical faults connected with or arising through the use of the Online Service, an Exchange System or any other delay that is outside the control of eToro Australia.

8. ONLINE SERVICES

(i) an Order may be filled before an instruction for

- its amendment or cancellation is processed;
 - (ii) you remain liable to settle the original Order, until any relevant amendment or cancellation is effected; and
 - (iii) without limiting clause 23, eToro Australia will not be liable for any Loss incurred by you arising from any delay in the dissemination of market information or the processing of any Order or instruction to amend or cancel an Order;
- (d) the execution of an Order placed through the Online Service may be delayed by filters or other electronic features of the electronic system;
 - (e) we are not responsible for the processing, execution or cancellation of any Orders submitted through the Online Service, regardless of who enters such Orders and regardless of whether or not there is an error in the Order entry or for any delays;
 - (f) any Online Service is provided on an "as is" basis and, except as required by law, we make no representations or warranties express or implied with respect to the Online Service;
 - (g) the speed of information provided through the Online Service is subject to a number of factors including, but not limited to, the speed of the user's internet connection, the user's settings, the number of concurrent users accessing the Online Service and the volume of information being received and sent by the Online Service;
- (h) there are significant risks in trading through the Online Service because it is serviced by means of computer and telecommunications systems, even if generally accepted industry standards and practices are followed;
 - (i) the features, components or terms of use of an Online Service may be changed by us or the provider of the Online Service without requiring an amendment to these Terms;
 - (j) you are responsible for providing and maintaining the communications equipment and telephone or alternative services required for accessing and using the Online Service and for any communication service fees and charges incurred by you in accessing and using the Online Service;
 - (k) you are responsible for ensuring you have in place alternative arrangements for the execution of Orders or other services available through the Online Service, if the Online Service or any aspect of it ceases to be available or subject to failure;
 - (l) you must notify us immediately if you become aware of any inaccurate information being transmitted through the Online Service including, for example, inaccurate content as to Orders, Transactions or Account balances; and
 - (m) you must only use the Online Service for your own internal business and investment purposes.
- 8.8** You also agree to be bound by any terms and conditions of access and use which we or any third-party provider of an

Online Service may specify and notify to you, from time to time.

- 8.9** You are responsible for reading, understanding and complying with the details of the operational aspects of the Online Service. It is important that you read and understand any user manuals and operational procedures or rules relating to the relevant Online Service and which are made available either by eToro Australia or the provider of the Online Service. Further information on how to use and understand the Online Service can be obtained on our website.
- 8.10** Either you or your Authorised Person may place Orders with us using the Online Service. You authorise each person who is an Authorised Person from time to time to enter Orders using the Online Service in accordance with this document as your agent. - 8.13** We (or any third party providing the Online Service) may suspend, terminate or impose conditions on the use by you or any Authorised Person of the Online Service at any time without notice to you.
- 8.14** If you are uncertain as to whether your Order has been received, you must make all reasonable attempts to verify whether the Order has been received, approved

and effected prior to taking further action. You agree to issue specific cancellation or amendment instructions with respect to an existing Order and not to attempt to effect changes by placing a second or duplicate Order.

You will be solely responsible and liable for any duplicate instruction that you place.

- 8.15** You agree not to contest the validity or enforceability of any electronic communications between yourself (including your Authorised Person) and eToro Australia.

- 8.16** If a failure, interruption or malfunction of electronic communication between the parties prevents an Order from being placed, cancelled or amended then, without limiting clause 23, neither party is liable to the other party for any Loss caused then by that failure, interruption or malfunction.

- 8.17** You acknowledge that all market data and information in relation to trading, volumes and pricing for a Financial Market provided through any Online Service may be proprietary information of the relevant Exchange or Financial Market or another person and any display, dissemination or other use of that information may be subject to restrictions imposed by the Financial Market or other person. You are responsible for complying with any such restrictions.

9. CONFIRMATIONS

- 9.1** We will, if required by Applicable Laws, give you a confirmation (Confirmation) in respect of each Transaction which eToro Australia enters into with you. You consent to receiving Confirmations by electronic means through any Online Service. If our service provides Confirmations by accessing a substantially continuously available service, you consent to your Confirmations being

available by those means instead of being sent to you.

9.2 You can agree with us, if permitted by Applicable Laws, not to give you a Confirmation or to provide Confirmations to an address or person nominated by you.

9.3 Each Confirmation given by us is subject to the Applicable Laws and the correction of errors and omissions. eToro Australia may, at any time, reissue a Confirmation in order to correct any errors or omissions.

9.4 You are responsible for promptly checking each Confirmation. You must immediately notify us if you become aware that there is an error in the Confirmation. We are entitled to assume that the Confirmation is correct unless you notify us of any error within 24 hours following us (or someone on our behalf) giving you the Confirmation or the Confirmation (or its equivalent) becoming available to you.

Form and are taken to have been repeated by you:

- (a) each time you place an Order with us;

- (c) each time we do anything or refrain from doing something under these Terms or as contemplated by these Terms in connection with your Account or any Transaction.

11. ETORO AUSTRALIA UNDERTAKINGS

11.1 eToro Australia will act honestly and exercise due care and diligence at all times in its performance of these Terms.

11.2 eToro Australia will use reasonable endeavours to execute your Orders, subject to these Terms.

11.3 Apart from any duties, undertakings, warranties or representations which are imposed or implied by law and which cannot be excluded, eToro Australia makes no undertaking, warranty or representation in relation to any service or information provided or made available to you in connection with these Terms. To the full extent permitted by law, eToro Australia excludes liability for all costs, expenses, damages and Losses (including consequential loss) arising in connection with such services or information, or these Terms (including, without limitation, liability for negligence).

12. FEATURES AND RISKS OF TRANSACTIONS

12.1 You acknowledge and understand that there are significant features and risks involved in Transactions, including:

- (a) the gearing or leverage involved in investing in Financial Products means that a small Initial Margin

- payment can potentially lead to large losses for you, including more than all the Margin ever paid to eToro Australia;
- (b) the geared nature of Transactions also means that acquiring and holding them can carry greater risks than directly investing in the Underlying Instrument which might not be geared, or, if is geared, effectively involves gearing of an underlying geared contract;
 - (c) a relatively small market movement can lead to a proportionately much larger movement in the value of your investment, and this can work against you as well as for you;
 - (d) the risks applicable to each CFD which you may enter into will be based on the risks of the relevant underlying product. Where the underlying is a cryptoasset, there may be specific and additional risks to you and these risks, along with related terms specific to cryptoasset trading, are set out in Schedule 5 of these Terms;
 - (e) over the counter Transactions are derivatives not made on any Exchange so might be considered to involve a greater risk than an exchange-traded derivative since there is no exchange market on which to Close Out an Open Position – you are only able to open and close your positions with us;
 - (f) markets outside of Australia might involve different risks to Australian markets, so the potential for profit or loss from Transactions relating to a non-Australian market or denominated in non-Australian currency will be affected by
 - (g) fluctuations in foreign exchange rates;
 - (g) it is possible to incur a loss if, after your acquisition of an investment, exchange rates change to your detriment, even if the price of the Underlying Instrument to which the Transaction relates remains unchanged;
 - (h) you may sustain a total loss of the Margin that you deposit with or pay to us to establish or maintain a position and if the market moves against you, you may be required to pay substantial additional Margin at short notice but if you fail to do so within the required time, your investment position may be liquidated at a loss to you and you will be liable for any remaining deficit in your Account;
 - (i) you will be required to maintain the Margin Cover, which might mean you must pay more Margin, even though we do not give Margin calls and even if you are not contactable;
 - (j) we may change Margin Requirements at our sole discretion with short or no notice to you where an Exceptional Event occurs;
 - (k) where we change Margin Requirements we cannot guarantee that your execution price will match your order price, including where you have placed a limit order, take profit and stop loss order;
 - (l) you must have time to manage your transactions on an active basis, understanding that your attention may be required at short notice to manage your account;

- (m) under some trading conditions it may be difficult or impossible to liquidate a position, such as (but not limited to) at times of rapid price movement if the price rises or falls in one trading session to such an extent that trading in the underlying market is suspended or restricted;
- (n) if you trade in denominated currencies other than the Account currency you may lose money or value of the investment due to exchange rate fluctuations and that these losses may be in addition to any losses on the value of the Underlying Instrument relevant to the Transactions;
- (o) gapping, whereby a market price falls or rises without the opportunity to trade, can result in significant losses even when a stop loss has been put on because it may not be possible to transact at the nominated price if the market has gapped;
- (p) in some circumstances the Underlying Instrument may be halted, suspended from trading or have their quotation for trading withdrawn from an Exchange, or an index may be suspended and these factors might affect the value of your Transaction relating to those Underlying Instruments due to eToro Australia exercising its discretion to determine the fair value of them;
- (q) a market disruption may mean that you are unable to trade when desired or in the amounts and prices you desire, and you may suffer a loss as a result, including disruption due to government or regulatory decisions or announcements, the failure of a computer based trading or pricing system, fire or other exchange emergency or a regulatory body could declare an undesirable situation has developed in a particular currency, security or contract and suspend trading or adjust terms of prices or trading;
- (r) you may incur losses (including incurring fees and charges) that are caused by matters outside our control for example, a regulatory authority exercising its powers during a market emergency or other significant event may result in losses for the Client or a regulatory authority can suspend trading (for example in an Underlying Instrument) or alter the price at which a position is settled, which could also result in a loss to the Client; and
- (s) we have powers, and discretion to exercise those powers, without notice to you or giving you reasons, for cancelling Transactions or adjusting their prices or timing and, though we would exercise our powers in accordance with these Terms and our statutory duties, you may incur losses (including incurring fees and charges) and lose investment opportunities as a result of our exercise of our powers.

12.2 No advice or recommendation is provided by eToro Australia in relation to your Transactions unless expressly stated otherwise.

13. FEES, CHARGES AND COSTS

13.1 Any profit or loss net of any fees and charges (that is, the realised gain or loss) arising on Closing Out a Transaction will be credited or debited (as the case may be) against the Account Value, in the Account currency.

13.2 You owe us, and must pay to us or as we direct (in accordance with these Terms):

- (a) any Transaction charges including all Transaction commission, charges, fees, Margins, premia, settlement and clearing fees and charges, interest, default charges and Taxes (including GST but excluding eToro Australia's income tax or penalty tax and levies) and any other amounts due under these Terms on demand by eToro Australia in cleared funds or otherwise as required by these Terms;
- (b) a Transaction Fee for each Financial Product or Transaction (as the case may be) being the fee from time to time specified by eToro Australia to be the amount payable by you to eToro Australia in respect of each such Transaction;
- (c) any royalty or other fee which must be paid for the use of prices or information provided to you via access through the Online Service or otherwise by any Exchange;
- (d) (if applicable) a monthly access charge for the use of the Online Service provided by eToro Australia, as specified by eToro Australia from time to time;
- (e) the Finance Charge calculated as disclosed in the PDS, FSG, a supplementary disclosure document or in any other permitted way of notifying you, such as on eToro Australia's website or the Online Service, in the amount of the Finance Charge Adjustments from time to time;
- (f) Finance Charge Adjustments applicable to any Transaction or Account;

(g) any fees, Taxes, stamp duty or other charges as may from time to time be levied on or in connection with any Transactions entered into with you; and

(h) in respect of any unpaid amounts required to be paid under these Terms including, (without limitation) any amounts due as a result of your failure to pay interest on all such amounts denominated in Australian dollars at the Base Rate then generally applicable for debit amounts on Accounts plus a rate of interest per annum as reasonably determined by eToro Australia (but so that the total rate does not exceed generally prevailing rates for personal unsecured loans in comparable amounts), such interest to accrue daily from and including the due date to and including the date of its payment in full.

Guidance note: this is the rate of interest you pay if you default on making any payment to eToro Australia. It is not the rate for any Finance Charge Adjustment.

13.3 We owe you and must pay you (in accordance with these Terms) Finance Credit Adjustments applicable to any Transaction or Account from time to time, calculated as disclosed in the PDS, FSG, a supplementary disclosure document or in any other permitted way of notifying you, such as on eToro Australia's website or the Online Service.

13.4 Any amount or rate or formula which is to be specified by eToro Australia may be specified by a PDS, FSG, a supplementary disclosure document or in any other permitted way of notifying you, such as on eToro Australia's website or the Online Service. The amount of any fees and charges or other amounts payable by you to eToro Australia in respect of any

Transaction will be set out in the Confirmation of that Transaction or the Online Service to the extent known at the time.

13.5 You agree that eToro Australia may:

- (a) debit your Account (on a monthly or any other basis) or deduct from the Trust Account and pay itself, without further reference to you:
 - (i) all administration fees, including but not limited to fees associated with returned cheques, payment processing, credit card fees, Short Message Service (SMS), debt collection and telephone transcript copies from your Account with eToro Australia during the full term of these Terms while you use such services; and
 - (ii) all fees, charges and royalties which you owe to eToro Australia;
- (b) withdraw from the Trust Account and pay ourselves the amount of any Transaction Fee, any administration fees, (including but not limited to credit card fees) you owe and the amount of Margin which you must pay to maintain the required Margin Cover;
- (c) withdraw from the Trust Account and pay ourselves any moneys to which we are entitled in accordance with these Terms (such as, but not limited to, Realised Losses); and
- (d) deduct from the Account any amount reimbursable in accordance with these Terms.

You agree that any delay in, or partial exercise of any of the above rights is not a waiver or abandonment of those powers.

13.6 eToro Australia may receive commissions and other benefits from other parties in relation to Transactions eToro Australia enters with you or in connection with other services provided to you. eToro Australia is entitled to retain such commissions and benefits.

13.7 If you have been referred to us or on behalf of a broker or other third party, that broker or third party may receive benefits in the form of a commission, rebate or other payment or benefit from us.

13.8 Unless otherwise agreed, the terms of any amounts payable by you under these Terms are stated exclusive of GST. If GST is payable on a taxable supply made by eToro Australia under, by reference to, or in connection with these Terms, you must also pay the amount of GST payable in respect of that taxable supply. eToro Australia will when required by law and as far as practicable state in Confirmations (or Account statements, if applicable) the amounts as GST-inclusive. eToro Australia will manage any credit granted to it for any GST refund, input credit or similar tax credit in accordance with its policy from time to time.

Owing to the complexity, delays and changes in laws and administration of such tax refunds and credits from time to time, eToro Australia is not obliged to provide credits or other benefits to each client if those benefits cannot reasonably be allocated to respective clients. eToro Australia endeavours to apply a policy for such adjustments by which it has no net benefit over time, having regard to the timing, nature and amounts of refunds and credits, the basis on which they are provided to eToro Australia and the direct and indirect costs to eToro Australia in providing the Online Service and relevant transactions through it. Terms which have

a defined meaning in the A New Tax System (Goods and Services Tax) Act 1999 have that meaning in this document.

13.9 The amounts of or basis of calculating the fees, commissions, charges and credits referred to in this clause 13 will be as notified from time to time in writing by eToro Australia, either by way of a PDS, posting on the Online Service (including by way of Transaction prices), notification to your contact address, posting to eToro Australia's website or as otherwise agreed with you or permitted by these Terms.

13.10 If:

- (a) you are required to make a deduction or withholding in respect of Tax from any payment to be made; or
- (b) eToro Australia is required to pay any Tax (other than income tax) in respect of any payment made in relation to these Terms at your request,

then you:

- (c) indemnify eToro Australia against the Tax; and
- (d) agree to pay to eToro Australia an additional amount to ensure eToro Australia receives a net amount (after payment of any Tax in respect of each additional amount) that is equal to the full amount eToro Australia would have received had a deduction or withholding or payment of Tax not been made.

13.11 You must reimburse eToro Australia for all fees (both direct and indirect) and expenses charged in connection with any Transaction (other than Tax on the income of eToro Australia) and for all costs and expenses incurred by eToro Australia in implementing these Terms and in enforcing its rights under these

Terms (including its legal costs of external or internal legal advisers on a full indemnity basis).

13.12 Open Positions will be charged a Finance Charge Adjustment or will be entitled to receive a Finance Credit Adjustment, depending on the Transaction chosen by you. These accrue (and so are calculated) on a second-by-second basis as determined by eToro Australia (unless otherwise notified by you). The accrued charges or credits will be applied to an Account at any time chosen by eToro Australia. This will usually be at the Calculation Time and at the end of Transaction, but it may also be (without limitation):

- (a) either immediately at the time of entering into the Transaction;
- (b) at day's end, or month's end;
- (c) at a rollover of the Transaction; or
- (d) at any other time after entering into the Transaction.

The Online Service will display whichever of a Finance Charge Adjustment or Finance Credit Adjustment applies.

13.13 You remain liable to pay the Finance Charge Adjustment even though:

- (a) the charge may be called other things from time to time, even across different Accounts, different Financial Products or on the Online Service at the same time;
- (b) the charge is not stated on a statement for an Account or Confirmation for a Transaction;
- (c) the charges differ according to how the Transaction was made;
- (d) the charges differ according to the amount of the Account, regardless of the amount or value of the Account;

- (e) the rate is expressed or inferred to be an annual rate but is applied and calculated by the second or any other time interval proportional to the annual rate;
 - (f) the Finance Charge Adjustment is first applied by way of posting the amount to the Account so that you become liable only for any net debit amount of the Account (or we owe you the net credit amount of the Account);
 - (g) we may owe from time to time Finance Credit Adjustments (which are posted to the Account);
 - (h) different rates apply at the same time to other clients' accounts;
 - (i) the charge is applied at rollover but is not levied or enforced until termination of the Transaction;
 - (j) the Transaction is denominated in a currency other than Account currency; and
 - (k) the rates will be as determined by eToro Australia in its absolute discretion and you might not have prior notice of the current rate.

- 13.15** All payments by you under these Terms are:
- (a) to be made without any set-off by you, counter claim or condition made by you and without you making any deduction or withholding for any Tax or any other reason unless the deduction or withholding is required by applicable law or the set-off arises by express application of these Terms; and
 - (b) payable in any currency that eToro Australia may reasonably require or determine.
- 13.16** eToro Australia notify you of any change in its fees and charges or other amounts payable by these Terms in accordance with Applicable Laws except rates (including, but not limited to, rates of the Finance Charge Adjustments and Finance Credit Adjustments) will change at any time, as available via the Online Service.
- 14. PAYMENTS, CLIENT MONEYS AND TRUST ACCOUNT**
- 14.1** eToro Australia must deal with any money and property which you pay or give to, or which is otherwise received by eToro Australia in connection with financial services provided by eToro Australia, in accordance with the Applicable Laws. If there is ever any inconsistency between these Terms and applicable laws, eToro Australia will always comply with Applicable Laws and not these Terms and will not be liable to Client for that.
- 14.2** If eToro Australia pays your funds to another person at your request, eToro Australia is not liable to you for the performance by the other person who receives the benefit of the payment of your funds. Without limitation, eToro Australia is not obliged to enquire into:
- (a) the use of those funds by the third party;
 - (b) any persons to whom the third party pays all or any of these funds;
 - (c) the solvency of any of those persons;
 - (d) the compliance by any of those person with the Corporations Act, Applicable Laws and Rules;

- (e) whether any of those persons hold any part of these funds on any nominee, segregated account, trust or any other basis for your protection or security.

14.3 You agree that eToro Australia is entitled to all interest earned on moneys credited to any Trust Account unless you and eToro Australia have otherwise agreed in writing.

14.4 The moneys to which you are entitled under these Terms and which are under the control of eToro Australia will be paid directly to you and not to any third party, unless you have otherwise instructed us to do so and we agree. You must provide relevant account details for payment instructions in respect of payments to be made by eToro Australia to you. Although eToro Australia will take reasonable steps to comply with your payment instructions, eToro Australia accepts no responsibility for any failure to comply with those instructions and, if such failure occurs, the relevant moneys will continue to be held by eToro Australia in accordance with the Corporations Act and Applicable Laws.

14.5 You authorise and direct eToro Australia to withdraw any or all moneys to which you are otherwise entitled in any Trust Account maintained by eToro Australia to meet any liability, obligation or other Loss which you owe to eToro Australia including to pay for your Financial Products, an amount in respect of any Realised Loss on your Account, Margin or Margin Cover).

14.6 When you pay moneys to eToro Australia in connection with a Transaction, you are also directing those moneys to be paid into a Trust Account and those moneys will remain in there until withdrawn by eToro Australia to pay you amounts to which you are entitled to receive or to pay for amounts to which eToro Australia is entitled including to pay for your Financial Products (including, without limitation an amount in respect of any Realised Loss on

your Account). If there has been a Realised Loss on your Account after eToro Australia re-values your Account, eToro Australia is authorised by these Terms to withdraw the equivalent amount of that Realised Loss from the Trust Account to pay eToro Australia an amount to which eToro Australia is entitled.

14.7 In addition, you also give your authority, agreement and consent for eToro Australia to invest any money held in the Trust Account into one of the following permitted investment types:

- (a) a trust fund;
- (b) a money market deposit;
- (c) a deposit at interest with an Australian ADI;
- (d) for the acquisition of cash management trust interests;
- (e) securities issued or guaranteed by the Commonwealth or a State or Territory; or
- (f) as deposit with a licensed clearing and settlement facility.

Where eToro Australia makes such investments, all earnings will be retained by eToro Australia. The realization of any investment may result in the automatic roll-over of the relevant capital into an equivalent product, or into another investment type listed above, or returned to the Trust Account). Where any losses occur in relation to one of the investment types listed in this clause 14.7 occurs, eToro Australia shall refund into the Trust Account any shortfall amount. No fee will be charged by eToro Australia in relation to such investment.

14.8 If eToro Australia determines that your Account has been inactive for a period determined by eToro Australia, you authorise eToro Australia to apply a charge to your Account (see the Online Service) and ultimately close your

Account and then withdraw any Withdrawable Funds from the Trust Account to be paid into your nominated bank account.

14.9 You acknowledge that eToro Australia is entitled to be paid from those moneys to which you are otherwise entitled in any Trust Account maintained by eToro Australia an amount sufficient to meet any liability, obligation or other Loss which you owe to eToro Australia.

14.10 You acknowledge that from the time any funds withdrawn from the Trust Account in connection with your Transactions:

- (a) you lose the protections given to a Trust Account of that kind;
- (b) you are an unsecured creditor of eToro Australia for its obligations on your Transactions; this includes exposure as an unsecured creditor for payment to you of the net Account balance (if any) after closing all your Open Positions;
- (c) the funds are no longer held beneficially for you.

14.11 If you pay moneys into any Trust Account maintained by eToro Australia in anticipation of you creating and meeting any liability, obligation or other Loss which you will owe to eToro Australia including to pay for your Financial Products (including payment for Margin), by these Terms you authorise and direct eToro Australia to withdraw those moneys to pay eToro Australia for any liability which later arises. Your payment into the Trust Account will be deemed to be subject to this direction unless you tell eToro Australia (in writing) otherwise. You agree that these Terms are a sufficient written direction by you for the purposes of authorising and directing eToro Australia to make the withdrawals from the Trust Account on these Terms to pay the amounts which you owe eToro Australia, subject to any other written

direction you give eToro Australia from time-to-time which eToro Australia accepts. Despite your direction, you agree that eToro Australia need not immediately, or at any time, fully, withdraw all or any of your moneys from the Trust Account but eToro Australia will do so consistently with its PDS and its policies from time to time.

Guidance note: Nothing in this clause authorises eToro Australia to withdraw your client moneys to use to hedge your Transactions.

14.12 You acknowledge and agree that if there has been a Realised/Unrealised Profit on your Account after eToro Australia re-values your Account, eToro Australia will pay into or hold sufficient funds in the Trust Account and credit your balance in the Trust Account as Margin to reflect the adjustment for the Realised/Unrealised Profit so that those funds will be retained there for your benefit until dealt with in accordance with these Terms.

14.13 You acknowledge and agree that eToro Australia may revalue your Account at any time and from time to time but is not obliged to revalue your Account on any particular frequency or at any particular time, so eToro Australia is not obliged to commit to determine whether there has been any Realised/Unrealised Profit or Realised/Unrealised Loss on your Account at any particular time or from time to time.

15. MARGIN COVER

15.1 You agree and acknowledge with each of the following:

- (a) Margin Cover refers to the amount paid or payable to eToro Australia as it requires (to protect against your liabilities on Transactions) and which is credited to your Account. The minimum amount of the Margin Cover is determined by eToro Australia in its absolute discretion.
- (b) A Margin payment is the amount you pay eToro Australia for crediting your Account as Margin Cover.
- (c) The time for your payment to maintain Margin Cover is of the essence.
- (d) You must maintain at least the amount of Margin Cover required by eToro Australia whether or not eToro Australia gives any notice to you to make those payments or you have actual notice of the required amount. The required amount of Margin Cover can change continuously and can change automatically, including over the week-end or other non-trading days. Your obligation to maintain at least the required amount of Margin Cover is continuous.
- (e) You must ensure that for so long that you have an Open Position, the Margin Cover must always remain positive. If not, your Open Position may be Closed Out by eToro Australia without prior notice to you.
- (f) Your obligation to maintain Margin Cover arises at the time the Transaction is executed.
- (g) It is solely your responsibility to monitor and to satisfy all Margin Cover requirements.
- (h) eToro Australia may change Margin Requirements at its sole discretion (including in relation to open positions) and that we may give very short notice of any change, or no notice at all, where an Exceptional Event occurs.
- (i) You understand and agree that when Margin Requirements change we cannot guarantee that your execution price will match your order price, including where you have placed a limit order, take profit, or stop loss order.
- (j) A Margin payment is credited by eToro Australia at the time cleared funds have been received into the Trust Account and eToro Australia has applied the payment to your Account or such other time as allowed by eToro Australia, so a Margin Cover requirement for an OTC Contract or other OTC Transaction issued by eToro Australia is not satisfied unless and until your payment is received in cleared funds into the Trust Account and applied to your Account by eToro Australia.
- (k) Without limiting any other right of eToro Australia, in respect of any Financial Product issued to you by eToro Australia acting as principal to you, you authorise and direct, by these Terms, that all of the funds which you deposit into the Trust Account be withdrawn and paid to eToro Australia for its own account, towards satisfying your obligations to pay Transaction Fees, Finance Charges, to maintain Margin Cover, to pay for Realised Losses, and to pay all other amounts owing under these Terms, even if:

- (i) your payment (after deduction for Transaction Fees, Finance Charges and other amounts owing) is in an amount less than or more than the amount required to maintain the total amount of required Margin Cover;
 - (ii) the required amount of Margin Cover reduces after your payment to a Trust Account;
 - (iii) there is any delay between the time you make the payment to the Trust Account and when eToro Australia makes the withdrawal;
 - (iv) you purport to withdraw your authority and direction but you still have at that time an obligation to eToro Australia to maintain an amount of Margin Cover which has not been satisfied; or
 - (v) you do not tell us your intended use of the Margin Cover which will be directed to your Account after your payment or you change your mind after you tell us and you deal in Financial Products for a lesser value than you told us or you do not deal.
- (I) Your liability in respect of Margin requirements is not limited to the amount, if any, initially paid to eToro Australia for your Account. You are responsible to pay any deficit owing to eToro Australia after Close Out of a Transaction and if you default in payment of such deficit, eToro Australia may pay the deficit out of the Account or realise any Financial Products held by eToro Australia and apply the amounts or proceeds against that deficit and you are responsible for the full and prompt discharge of the deficit (which exceeds the value of the Account) by making payment in full to eToro Australia immediately when that deficit arises.
- 15.2** eToro Australia may (without notice to you) Close Out, but will not be obliged to Close Out or to attempt to Close Out, some or all Open Positions, at that time or any later time as eToro Australia determines (whether in its discretion or by automatic trading platform management) if:
- (a) your Account Value falls below the Margin Closeout Level; or
 - (b) you fail to maintain the required Margin Cover; or
 - (c) at any time, and from time to time, eToro Australia determines that the value of all of your Open Positions (and not taking into account any cash balance in your Account) represents a substantial net unrealised loss to you such that, in eToro Australia's belief, the continued trading, or failure to Close Out, one or more of your Open Positions will or is likely to materially prejudice your Account Value; or
 - (d) an Exceptional Event occurs
- 16. ROLLING OVER OF OPEN POSITIONS**
- 16.1** In respect of each Open Position, subject to:
- (a) prior Close Out of that Open Position;

- (b) any express terms of the Transaction; or
- (c) the express agreement of eToro Australia to settle that Open Position,

eToro Australia is by these Terms instructed:

- (d) to vary the Open Position (in which case it will be deemed to be a new Transaction) so that its settlement date is deferred to a Business Day to be agreed between eToro Australia and you (and if there is no agreement by the Calculation Time on the Business Day immediately prior to the then applicable settlement date as agreed previously, it will be the following Business Day); and
- (e) to Close Out the Open Position and enter into a new Transaction for the same Underlying Instrument and being the same bought or sold position except that the settlement date is to be one Business Day later and adjusted for any interest differential.

This clause does not apply to the extent that consideration for a supply is expressly stated to you to be GST inclusive. Terms which have a defined meaning in the A New Tax System (Goods and Services Tax) Act 1999 have that meaning in these Terms.

23.4 You acknowledge that you are responsible for your own legal costs associated with entering into these Terms and for all Taxes and expenses incurred by you in connection with these Terms, including any Transaction made under it.

23.5 All payments by you under these Terms are:

- (a) to be made without any set-off by you, counter claim or condition

made by you and without you making any deduction or withholding for any Tax or any other reason unless the deduction or withholding is required by applicable law or the set-off arises by express application of the Terms; and

24. NEGATIVE BALANCE PROTECTION

24.1 eToro Australia provides the Account and enters into all Transactions with you on the basis that your maximum potential loss would be limited to the value of your Account. We refer to this as "Negative Balance Protection". This means that you will not be liable to pay eToro Australia for any shortfall in excess of the balance on your Account.

24.2 If you have multiple Accounts with us, we have a right of set off across all your Accounts. This means that the Negative Balance Protection is only available to you if the combined balance on all of your Accounts falls below zero.

24.3 You acknowledge and agree that this limit on your liability does not otherwise affect your liability under clause 25, or our right to exercise discretions and take necessary action as set out in these terms.

- (a) you breach these Terms, whether by act or omission (including, without limitation, giving us an Order in breach of clause 6.13);

25.3 Nothing in these Terms limits your rights to claim a default by eToro Australia or for you to take any proper action you determine is appropriate to claim or to recover for any Loss arising from your claim. For example, we acknowledge that you may terminate these Terms if eToro Australia materially breaches these Terms. You agree that it is reasonable for you not to have specific rights following default and specific events of default by eToro Australia in order to avoid all Transactions of all of eToro Australia's clients prematurely terminating, which could cause irrevocable loss to some or all clients and those losses could be irrevocably increased by such an automatic termination.

Schedule 3

FX CFDS

1. Introduction

1.1 The following terms will apply to you, and you agree to be bound by them, each time you place an Order with eToro Australia to deal in a Contract for Difference which is a Foreign Exchange Transaction (as defined in clause 2 of this Schedule 3).

1.2 Any term not defined in this Schedule has the same meaning given to it in clause 2 of the Terms.

2. Interpretation

In this Schedule, the following terms have the following meanings:

Authorised Person means a person authorised pursuant to clause 5 to bind you under these Terms.

Base Currency is the first currency quoted in a currency pair, for example in the quote AUD/USD, the AUD is the Base Currency. This may have another name on the Online Service, eToro Australia's website or in a PDS which is similar or which is conventionally used in the global markets.

deal has the meaning given in the Corporations Act.

Foreign Exchange Transaction means a Transaction in respect of Foreign Exchange.

Position means a Foreign Exchange Transaction entered into by you pursuant to these Terms under which the parties agree to exchange an agreed amount of one currency for an agreed amount of another currency for cash settlement (not physical delivery) on the Value Date (and, for the avoidance of doubt, either agreed amount may be nil).

Term Currency is the second currency quoted in a currency pair, for example in the quote AUD/USD, the USD is the Term Currency. This may have another similar name on the Online Service, eToro Australia's website or in a PDS.

Value Date means the date agreed at the time the relevant deal is entered in to, to be the date of settlement of that deal (specified in the Confirmation).

3. Acknowledgements

In these Terms you acknowledge and agree to the following in favour of eToro Australia (and eToro Australia is bound by the following):

- (a) A Foreign Exchange Transaction has enforceable terms for payment by you to us or us to you even though each Foreign Exchange Transaction is required by these Terms to be cash settled (or netted) with no physical exchange of the Underlying Instrument.
- (b) each Foreign Exchange Transaction is required by these Terms and is expected by you and us to be disposed of by being Closed Out and the Realised/Unrealised Profit or Realised/Unrealised Loss arising from that, posted to your Account in full settlement of your respective obligations in relation to those Foreign Exchange Transactions;
- (c) the following prevail in the order listed below such that if the higher-ranking obligations are for any reason held by a court to be unenforceable, invalid or otherwise incapable of being

applied, then the next ranking obligations apply:

- (i) first, the settlement of Foreign Exchange Transactions by way of Closing Out those Foreign Exchange Transactions and applying the resulting Realised/Unrealised Profit or Realised/Unrealised Loss (as the case may be) to your Account, in full settlement of our respective obligations in relation to those Foreign Exchange Transactions;
- (ii) secondly, the settlement obligations of each Foreign Exchange Transaction are set off so that only the single net amount of the difference arising from that set-off is the only amount owing as between us and the amount is applied to your Account (as a credit or debit amount, as the case requires) in full settlement;
- (iii) thirdly, the respective settlement amounts owing by you and us on each Foreign Exchange Transaction are applied to your Account (as a credit or debit amount, as the case requires) in full settlement);
- (iv) fourthly, each payment obligation on each Foreign Exchange Transaction is applied to your Account (as a credit or debit amount, as the case requires) in full settlement); and

(v) fifthly, each payment obligation on each Foreign Exchange Transaction accrues and is enforceable on and from termination of the Foreign Exchange Transaction.

(d) There is no definitive term attached to a Foreign Exchange Transaction, such a contract will continue until the Closing Date.

(e) Anything eToro Australia is permitted to do in accordance with this Schedule may be done in its absolute discretion, and any opinion or view required to be formed by eToro Australia may be formed in its absolute discretion.

(f) A Position will be Closed Out without a physical exchange of the Base Currency for the Term Currency and references in the definition of Position to an exchange of currency and settlement and in the definitions of Base Currency and Term Currency to amounts to be received by you or provided by you under a Position will be construed as if that Position were to be unwound by delivery.

(g) Notwithstanding it has an agreed Value Date, each Position continues indefinitely until it is unwound by delivery or by being Closed Out and references in the definitions of Position and Value Date to settlement will be construed as if that Position were to be unwound by delivery.

4. Entering into Positions

(a) On any Business Day you may request eToro Australia by the Online Service or otherwise to quote:

- (i) the rate at which you may enter a Position and the Initial Margin required by nominating the amount; or
 - (ii) the amount and currency of either the Base Currency or the Term Currency, the currency against which it is to be exchanged.
- (b) Immediately upon receiving the quote, you may by the Online Service or otherwise instruct eToro Australia to arrange the entry into by you of a Position equivalent to that for which the quote was sought. Receipt by eToro Australia of your instruction will constitute an offer by you to eToro Australia to enter into such a Position.
- (c) eToro Australia is under no obligation to accept your offer to enter into a Position, and without limitation, is not obliged to accept your offer to enter into a Position:
- (i) if you have exceeded or would exceed a limit applying to you as notified by eToro Australia; or
 - (ii) until eToro Australia has received the Initial Margin required in respect of that Position into the Trust Account (or your Account has sufficient Margin Cover), in cleared funds.
- (d) The Initial Margin required in respect of a Position will be payable prior to eToro Australia accepting your offer to enter a Position.
- (e) If eToro Australia accepts your offer to enter into a Position, eToro Australia may issue to you a written confirmation (or it may publish a written Confirmation available to you in your Online Service) of that Position promptly after it has been entered into, in the form of a deal confirmation, but failure by eToro Australia to issue or to publish a confirmation will not prejudice or affect that Position. eToro Australia will not have any liability as a result of a failure to issue or to publish a deal confirmation. If eToro Australia decides not to accept your offer to enter into a Position, eToro Australia will advise you of that decision as soon as is practicable, subject to Trading Conditions. You may not take any delay, regardless of how that delay arose, as an indication that eToro Australia has accepted your Order.
- (f) You undertake to examine each Confirmation immediately upon receipt (or publication) and unless within 24 hours of issue of a confirmation you notify eToro Australia of any disputed detail in the confirmation, you agree that the contents of the confirmation, in the absence of manifest error, will be conclusive evidence of the executed deal. Upon receipt within that 24 hours of written notice as to a disputed detail, eToro Australia will investigate the matters disputed and you must co-operate with eToro Australia in good faith to resolve the dispute. You must, notwithstanding any such dispute, continue to satisfy your obligation to maintain Margin Cover in respect of that Position as if the details contained in the confirmation were correct and not the subject of dispute.
- (g) eToro Australia may, in its absolute discretion, limit the

value of Positions you may have outstanding under these Terms:

- (i) beyond which if you decide to enter into any further Positions, you must seek and obtain approval from eToro Australia; and
 - (ii) beyond which you may not enter into any further Positions.
- (h) eToro Australia may vary this limit at any time by notice to you.

5. Close Out of Positions

- (a) Without affecting clause 6 of the Terms (regarding Orders), eToro Australia may from time to time permit you to give eToro Australia notice of your request to have all or any of your Positions Closed Out. eToro Australia, from time to time, may set limits and conditions on accepting your notice (whether or not it complies with the requirements for an Order). Following receipt of such a notice eToro Australia may at a time it chooses in its absolute discretion, enter into a matching opposite Position to Close Out those Transactions. Without limiting eToro Australia's discretion you acknowledge that this may occur as soon as practicable after the later of:
- (i) receipt from you of such notice; and
 - (ii) any time and date specified in such notice at which you request the Close Out to occur.
- (b) The difference (if any) between the amount of the Base Currency under the matching Position and the amount of the Term Currency

under the original Position if positive, will be a "Realised Profit" and, if negative, will be a "Realised Loss".

- (c) The Closing Out of a Position in accordance with this Schedule will constitute a complete discharge of all obligations of eToro Australia and has the effect of immediately cancelling the Position so that the only obligations that continue in respect of the Position are those provided for under this Schedule.

6. Settlement of Closed Out Positions

- (a) When a Position is Closed Out in accordance with this Schedule which:
- (i) results in a Realised Profit, eToro Australia will credit your Account in an equivalent amount to the Realised Profit; or
 - (ii) results in a Realised Loss, eToro Australia will deduct the amount of the Realised Loss from the funds you have paid into the Trust Account (or if that is insufficient, debit the amount from your Account).
- (b) If there is then sufficient Margin any amount owing by you under this Schedule may be settled in whole or in part by debiting your Account with eToro Australia.
- (c) If you have requested payment of any money owed to you under this Schedule, eToro Australia will (in its discretion) deduct that money from your Account and pay it to you electronically or in such other manner as may be

agreed between eToro Australia and you.

- (d) eToro Australia may set off any money owed to you under this Schedule against any money owed by you in respect of any or all Transactions of any kind (whether or not mentioned in this Schedule). If such a set-off is made, references in this Schedule to Realised Profit and Realised Loss will be read as including the net amount of Realised Profit or Realised Loss (as the case may be) remaining after the set-off.

7. Revaluations

eToro Australia may at any time revalue any or all Positions. Such revaluation will be effected in the following manner:

- (a) In relation to each Position, eToro Australia will (in its discretion) set the amount of the Term Currency and the amount of the Base Currency.
- (b) If the amount calculated in accordance with sub-clause 7(a):
 - (i) is greater than the amount of the Term Currency under the Position, then the difference will represent an Unrealised Profit; and
 - (ii) is less than the amount of the Term Currency under the Position, then the difference represents an Unrealised Loss; and

the sum of each Unrealised Profit will be the "Unrealised Profits" and the sum of each Unrealised Loss will be the "Unrealised Losses".

Schedule 4

CONTRACTS FOR DIFFERENCE

1. Introduction

1.1 The following terms will apply to you, and you agree to be bound by them, each time you place an Order with eToro Australia to deal in a Contract for Difference (as defined in clause 2 of this Schedule 4). Schedule 3 also applies to, and prevails over, this Schedule 4 if your Order or Transaction relates to a Contract for Difference which is a Foreign Exchange Transaction.

1.2 Any term not defined in this Schedule has the same meaning given to it in clause 2 of the Terms.

2. Interpretation

In this clause, the following terms have the following meanings:

Adjustment Event means, any event in respect of which eToro Australia considers in its absolute discretion an adjustment to the terms of a Contract for Difference is appropriate including, for example:

(a) if the Reference Asset is a share, debenture, unit or other security (or depositary receipt of any kind in respect of any of them)– a bonus issue for combination of rights issued, rights issue, stock split, share or other capital consolidation, security reclassification or sub-division return of capital, buy back, special dividend (however legal constituted), in specie distribution, takeover, scheme of arrangement or similar event or other corporate action event in respect of the security, whether or not the event triggers an adjustment to any Exchange traded derivative of it,

(b) a distribution to existing holders of additional shares or other securities or other Financial Products granting them the right to receive dividends or other proceeds equally and proportionately with payments made to holders of the underlying instruments; or instruments, rights or warrants granting the right to a distribution of shares or to purchase, subscribe, or receive shares, in any case for payment (in money cash or money's worth) at less than the prevailing market price per share as determined by eToro Australia;

(c) an event that has a dilutive or concentrative effect on the market value of the shares;

(d) if the Reference Asset is an index, a substantial adjustment to the composition of the index outside its own terms allowing for adjustments or weightings; a failure to publish the index or a suspension or cancellation of the index; and

(e) if the Reference Asset is a Derivative which can be traded on a Financial Market – any event in respect of which the operator of the Financial Market makes an adjustment to the terms of the Derivative.

Close of Business means the normal time of close of trading of the relevant Exchange.

Close Out, in relation to an OTC Transaction, means discharging or satisfying your obligations to eToro Australia under the OTC Transaction and this includes:

- (a) by delivering the amount or value of the Underlying Instrument (including a dollar multiple of an index) required in accordance with the terms of the OTC Transaction; or
- (b) as a result of the matching up of the OTC Transaction with an OTC Transaction of the same kind under which you have assumed an offsetting opposite position;
- (c) adjusting for fees and charges.

Closing Date means the date on which the OTC Transaction is agreed to be Closed Out, or earlier, if actually or if deemed to be Closed Out in accordance with the Terms or the Underlying Instrument expires according to its terms or the Rules governing its contract specifications.

Closing Price means the price of the Contract for Difference at the Closing Date.

Closing Value means the value determined by eToro Australia by multiplying the number of Contracts for Difference by the price (or, if an index, the level) of the Contract for Difference at the Closing Date.

Contract for Difference means a Financial Product, being a Derivative, which derives its value from one or more Reference Assets, which may also be called a "CFD" or "eToro Australia CFD" on the Online Service or in a PDS.

Contract Value means the face value of the Contract for Difference, and is calculated by eToro Australia by multiplying the applicable price (or, if an index, the level) of the Contract for Difference by the number of Contracts for Difference.

Hedge Contract means a contract between eToro Australia and a Hedge Counterparty on the same, or substantially similar, terms as the

Contract for Difference (including if one or more Contracts for Difference from you and other clients which in aggregate correspond with the Hedge Contract).

OTC Transaction means a Transaction in respect of one or more Contracts for Difference.

Reference Asset means an Underlying Instrument, as determined by eToro Australia and, in the case of an OTC Transaction, the Underlying Instrument specified in the Confirmation. The Reference Asset can refer to an index, in which cases, references in these Terms must be applied and interpreted with such changes as necessary to reflect an index instead of a Financial Product.

3. Acknowledgements

In these Terms you acknowledge and agree to the following in favour of eToro Australia (and eToro Australia is bound by the following):

- (a) OTC Transactions have enforceable terms for payment by you to us or us to you even though each OTC Transaction is required by these Terms to be cash settled (or netted) with no physical exchange of the Underlying Instrument;
- (b) each OTC Transaction is required by these Terms and is expected by you and us to be disposed of by being Closed Out and the Realised/Unrealised Profit or Realised/Unrealised Loss arising from that, posted to your Account in full settlement of your respective obligations in relation to those OTC Transactions;
- (c) the following prevail in the order listed below such that if the higher-ranking obligations are for any reason held by a court to be unenforceable, invalid or otherwise incapable of being

applied, then the next ranking obligations apply:

- (i) first, the settlement of OTC Transactions by way of Closing Out those OTC Transactions and applying the resulting Realised/Unrealised Profit or Realised/Unrealised Loss (as the case may be) to your Account, in full settlement of our respective obligations in relation to those OTC Transactions;
- (ii) secondly, the settlement obligations of each OTC Transaction are set off so that only the single net amount of the difference arising from that set-off is the only amount owing as between us and the amount is applied to your Account (as a credit or debit amount, as the case requires) in full settlement;
- (iii) thirdly, the respective settlement amounts owing by you and us on each OTC Transaction are applied to your Account (as a credit or debit amount, as the case requires) in full settlement);
- (iv) fourthly, each payment obligation on each OTC Transaction is applied to your Account (as a credit or debit amount, as the case requires) in full settlement); and
- (v) fifthly, each payment obligation on each OTC Transaction accrues and is

enforceable on and from termination of the OTC Transaction; and

- (d) there might be no definitive time to the life of a Contract for Difference, so such a contract will continue until the Closing Date (including when the Closing Date occurs by reason of the Underling Instrument expiring).

4. Opening and closing OTC Transactions

4.1 All OTC Transactions are entered into between you and eToro Australia as principal. The acquisition of a Contract for Difference involves entering into, or opening, a Contract for Difference. The disposal of a Contract for Difference requires Closing Out an open OTC Contract.

4.2 eToro Australia will from time to time state the prices or values at which it may enter into an OTC Transaction with you, either to open or to Close Out an OTC Transaction. If you wish to enter into an OTC Transaction you may submit an Order to eToro Australia (including by Online Service). eToro Australia is not bound to enter into any OTC Transaction with you and also may state another price or value at which it may deal with you.

- (a) You may request on any given Business Day eToro Australia to quote a price at which eToro Australia may be prepared to enter into an OTC Transaction. You agree to and acknowledge that a price quotation pursuant to this request does not constitute an offer to enter into a new or close an existing OTC Transaction.
- (b) Upon receiving the quote from eToro Australia, you may offer to enter into an OTC Transaction with eToro Australia at the price quoted by eToro Australia.

- (c) eToro Australia is not obliged to accept your offer to enter into an OTC Transaction and, without limitation, is not obliged to accept your offer to enter into an OTC Transaction:
- (i) if you have exceeded or would exceed a pre-determined limit imposed on you under clause 4.2(g) below; or
 - (ii) until eToro Australia has received from you the Initial Margin required in the form of cleared funds or your Account has sufficient Margin Cover to enter into the respective OTC Transaction.
- (d) The Initial Margin required to enter into an OTC Transaction (or the amount of required Margin Cover), if not already received from you, will be payable to eToro Australia upon acceptance by eToro Australia of your offer to enter into the OTC Transaction.
- (e) If eToro Australia accepts your offer to enter into an OTC Transaction, eToro Australia will issue to you an electronic Confirmation of the OTC Transaction entered into shortly after it has been entered into. Failure by eToro Australia to issue a Confirmation will not prejudice or affect the relevant OTC. eToro Australia will not bear any liability whatever resulting from the failure to issue a Confirmation. eToro Australia will promptly advise you if eToro Australia decides not to accept your offer to enter into an OTC Transaction.
- (f) You agree to examine each Confirmation immediately upon receipt and you agree that the contents of the Confirmation, in the absence of manifest error, will be conclusive evidence of the executed deal, unless within 24 hours of issue of a written Confirmation you notify eToro Australia of any disputed detail in the Confirmation received by you. Upon receipt of written notice within 24 hours of a disputed Transaction, eToro Australia will investigate the dispute and in co-operation with you must endeavour to resolve the dispute in good faith. Notwithstanding any such dispute, you must continue to satisfy your obligations to maintain Margin Cover in respect of the Contract for Difference as if the Confirmation was correct and the details contained in the Confirmation were not the subject of dispute.
- (g) eToro Australia may, in its absolute discretion, limit the value of Contracts for Difference you may have outstanding under these Terms. If you wish to enter into any further Contracts for Difference, you must seek and obtain approval from eToro Australia, beyond which you may not enter into any further OTC Transactions whatever.
- (h) eToro Australia may vary the limit imposed at any time in its absolute discretion.
- 4.3 If eToro Australia enters into an OTC Transaction with you for the acquisition of one or more Contracts for Difference:
- (a) eToro Australia will issue to you a Confirmation in respect of the OTC Transaction setting out, among other things, the number of Contracts for Difference acquired and the amount or amounts which you are required

to pay, or are entitled to receive, in connection with the acquisition of the Contract for Difference; and

- (b) you or eToro Australia (as applicable), must pay the relevant amount referred to in paragraph (a) by the time specified in the Confirmation.

4.4 If eToro Australia enters into an OTC Transaction with you for the disposal of one or more Contracts for Difference (by way of Closing Out that contract):

- (a) eToro Australia will issue to you a Confirmation in respect of the OTC Transaction setting out, among other things, the number of Contracts for Difference disposed of and the amount or amounts which you are required to pay, or are entitled to receive, in connection with the disposal of the Contract for Difference; and
- (b) you or eToro Australia (as applicable) must pay the relevant amount referred to in paragraph (a) by the time specified in the Confirmation or Trading Conditions, subject to this Schedule.

4.5 All communications, notices, offers, statements and Orders for Contracts for Difference must be made by an Online Service unless eToro Australia expressly agrees that they may be made by telephone or otherwise.

5. Settlement of Difference

- (a) eToro Australia may determine the Contract Value of the OTC Transaction as at any time and from time to time (including, without limitation, as at the Close of Business on each Business Day or the Calculation Time or each second during all or any part of each Business Day).

- (b) If the Contract Value determined by eToro Australia in accordance with clause 5(a) **above** is higher than the Contract Value previously determined by eToro Australia, then the Short Party must pay to the Long Party the difference.

- (c) If the Contract Value determined by eToro Australia in accordance with clause 5(a) **above** is lower than the Contract Value previously determined by eToro Australia, then the Long Party must pay to the Short Party the difference.

- (d) In order to determine the Contract Value on which the OTC Transaction is entered into, the Contract Value will be determined by eToro Australia taking into account the Underlying Instrument Price at which eToro Australia and you agreed to enter into the OTC Transaction.

- (e) If eToro Australia determines that the Contract Value of a Contract for Difference cannot be determined in accordance with clause 5(a) **above** for any reason, the Contract Value at Close of Business will be the value determined by eToro Australia in its sole discretion.

- (f) Without limiting clause 5(a) if at any time trading on an Exchange is suspended or halted in any Underlying Instrument, eToro Australia will, when determining the Contract Value, at its discretion consider (but is not limited to) the last traded price before the trading suspension or halt.

6. Dividend Payment and Receipt

- (a) If the issuer of the Reference Asset makes a dividend in respect of the Reference Asset, eToro Australia has discretion whether to make an adjustment for an amount of the weighted proportion of the dividend, being an amount to be credited to your Account in respect of your long positions and debited from short positions. If eToro Australia makes the adjustment, ordinarily the Long Party will be credited with an amount equal to the gross unfranked amount of any dividend payable to the holder of the Underlying Instrument (as determined by eToro Australia) and the Short Party will ordinarily be debited with an amount equal to the gross unfranked amount of any dividend payable to the holder of the Underlying Instrument (as determined by eToro Australia).

7. Closing out a Contract for Difference

- (a) At any time you may give eToro Australia notice of your intention to close any Contract for Difference (whether in whole or part) by specifying the Underlying Instrument and the quantity of Contracts for Difference that you wish to close. This must be done by you placing an Order for OTC Transactions which, if accepted, would Close Out the Contracts for Difference that you wish to close.
- (b) Upon receipt of notice of intent to close a Contract for Difference (by way of receiving your Order for Contracts for Difference), eToro Australia will use reasonable endeavours to provide a quote for the Closing Price (by way of indicating prices for Contracts for Difference which would, if agreed to, Close Out your open Contracts

for Difference) and notify you of that quote (by the Online Service or otherwise). It is your obligation to notify eToro Australia as soon as possible as to whether you are willing to accept the Closing Price quote. If you accept the Closing Price quoted by eToro Australia, the Contract for Difference, or relevant portion of the Contract for Difference, will be closed by issuing you with a Contract for Difference which is equal but opposite to the open Contract for Difference, or relevant portion of the Contract for Difference, to be closed.

- (c) If the Underlying Instrument for the Contract for Difference is on terms that provide for its redemption, exchange or termination and you do not give notice to eToro Australia of your intention to Close out the Contract for Difference or to roll it over on terms and by the time acceptable to eToro Australia (whether or not you have any prior notice of that), you will be deemed to have given notice to eToro Australia to Close Out that Contract for Difference at the Closing Price reasonably determined by eToro Australia. In this case, eToro Australia will Close Out the Contract for Difference as at the time it determines.
- (d) At the Close Out, subject to clauses 3 and 8 of this Schedule 4, if there is a difference between the Closing Value and the Contract Value of the Contract for Difference (or portion of it closed under clause 7(b)) it must be accounted for in the following way:
 - (i) if the Closing Value is greater than the Contract

- Value, the Short Party must pay to the Long Party the difference; and
- (ii) if the Closing Value is less than the Contract Value, the Long Party must pay to the Short Party the difference.
- (e) If the issuer whose security represents the Underlying Instrument on which all or part of an OTC Transaction is based becomes externally administered in accordance with the meaning in the Corporations Act (or equivalent legislation), the OTC Transaction will be taken to have been Closed at that time. The Closing Price of the OTC Transaction will be determined by eToro Australia who may consider many factors it deems appropriate including, for example, the last traded price of the Underlying Instrument.
 - (f) If the Underlying Instrument on which the OTC Transaction is based ceases to be listed for quotation on an Exchange, or is suspended from quotation for 5 consecutive Business Days, eToro Australia may, in its absolute discretion, without limiting clause 7(g) elect to terminate the relevant Contract for Difference Transaction. If eToro Australia elects to do so then:
 - (i) the Closing Date will be deemed to be the date which eToro Australia determines (**Early Closing Date**); and
 - (ii) you will be treated as having given notice under clause 7(a) on the Early Closing Date.
 - (g) If eToro Australia determines that the Closing Value of an OTC Transaction cannot be calculated on or with effect on the Closing Date for any reason, the Closing Value will be the value determined by eToro Australia in its sole discretion.
 - (h) Without limiting clause 7(g), if at any time trading in the Underlying Instrument on an Exchange is suspended or halted at any time, eToro Australia will, in its absolute discretion in determining the Closing Value of an OTC Transaction, have regard to (but is not limited by) the last traded price before the suspension or halt.
 - (i) All calculations made by eToro Australia in accordance with these Terms in the absence of any manifest error will be binding on you.

8. Settlement of Positions

- (a) Payments to be made to you with respect of any OTC Transaction must be made in accordance with this clause 8.
- (b) If an OTC Transaction is Closed Out in accordance with clause 7 **above**, or settlement for difference being made in accordance with clause 5 **above**:
 - (i) eToro Australia will credit to your (relevant) Account any amount payable by eToro Australia to you; or
 - (ii) subject to clause 8(c) below you must pay to eToro Australia any amount payable by you to eToro Australia in cleared funds in any such currency that eToro Australia may require immediately upon

the payment request being made.

- (c) If there is any surplus Margin in your Account, any amount owing by you in accordance with clause 8(b) **above** will be settled in whole or in part by debiting your Account with eToro Australia.
- (d) If you request payment of any money owed to you under this clause 8, eToro Australia will deduct the amount of the requested payment from your Account and pay you, electronically or in any other manner as agreed. Money owed to you that has not been the subject of any payment request by you will remain in your Account.
- (e) eToro Australia may offset any money owed to you under these Terms or any other agreement against any moneys owed by you under these Terms or any other agreement.

9. Adjustment Events

- (a) If the Underlying Instrument on which a OTC Transaction is quoted is subject to an Adjustment Event or possible Adjustment Event, eToro Australia will determine the adjustment, if any, that will be made to the Contract Value of that Underlying Instrument, the related quantity (or both) that would have placed the parties in substantially the same economic position they would have been in had the event not occurred. In the absence of any manifest error any adjustment determined will be deemed to be conclusive and binding on you.
- (b) eToro Australia may give you an opportunity to elect to participate in an adjustment to the OTC

Transaction which corresponds with the Adjustment Event, but eToro Australia is not obliged to give you that opportunity, or give reasonable notice of it or make its terms correspond exactly with the Adjustment Event, nor is eToro Australia obliged to accept in part or at all any election you make to participate. Any adjustment will take effect at the time determined by eToro Australia.

- (c) If the Underlying Instrument is subject to a take-over offer or similar event, eToro Australia may at any time prior to the closing date of the offer provide you notice of eToro Australia's intention to Close Out the OTC Transaction, in accordance with clause 7, with the Closing Price being the price notified to you by eToro Australia.
- (d) If at any time an Adjustment Event occurs and it is not reasonably practicable as determined by eToro Australia in its absolute discretion to make an adjustment in accordance with clause 9(a) **above**, then without limiting 9(a) **above**, eToro Australia may at any time after the Adjustment Event Close Out the OTC Transaction. If this occurs you will be taken to have been provided with closing notice in accordance with clause 7 **above**, with the Closing Price being the price set by eToro Australia.
- (e) References to "offer", "take-over" and "closing date" in this clause 9(a) **above** will have the same meaning given to them in the Corporations Act 2001.

10. Margin Requirements

- (a) This clause 10 supplements clause 15 of the Terms and only prevails

- over it to the extent of any inconsistency.
- (b) Prior to entering into an OTC Transaction with eToro Australia you acknowledge that eToro Australia requires you to pay cleared funds into the Trust Account as an Initial Margin and to maintain the minimum Margin Cover determined by eToro Australia in its absolute discretion from time to time. The Margin Cover requirements may be determined automatically by an Online Service. The required Margin Cover may change at any time, including outside of trading hours and without prior notice to you. The amount of Initial Margin required by eToro Australia and the time at which it is required will be at the absolute discretion of eToro Australia. eToro Australia is not obliged to permit any offset of any Initial Margin required by eToro Australia.
- (c) A Margin payment is credited by eToro Australia at the time cleared funds have been received into the Trust Account and applied by eToro Australia to your Account or such other time as allowed by eToro Australia so a Margin Cover requirement is not satisfied until your payment is received in cleared funds into the Trust Account and applied to your Account by eToro Australia.
- (d) You have an absolute obligation to maintain the amount of Margin Cover required by eToro Australia from time to time. Your failure to maintain the required Margin Cover is automatically a Default.
- (e) The Initial Margin requirement applicable in respect of any OTC Transaction may be increased by eToro Australia in its absolute discretion in respect of the time for payment and the amount of it. If there is an increase, eToro Australia may require that you pay eToro Australia additional cleared funds equal to such an increase.
- (f) Without affecting your obligation to maintain the required amount of Margin Cover, at any time in the discretion of eToro Australia you may be required by eToro Australia to pay additional Margin by paying eToro Australia cleared funds into the Trust Account.
- (g) Without affecting your obligation to maintain the required amount of Margin Cover, if eToro Australia requires additional funds from you to maintain the required Margin Cover you must maintain the Margin Cover by the time required by eToro Australia, which could be immediately.
- (h) Your payment into a Trust Account will not satisfy your obligation to make payment to eToro Australia in cleared funds, even if eToro Australia temporarily waives reliance on this term. The payment obligation is not satisfied unless and cleared funds are received for the benefit of eToro Australia.
- (i) In all respects, time is of the essence for all your payment obligations to eToro Australia.
- (j) If eToro Australia increases the required Margin Cover, you acknowledge and agree that eToro Australia may refuse any request by you to enter into any further Contract for Difference positions until eToro Australia has confirmed the receipt of the payment for more Margin in the form of cleared funds.

- (k) Any net positive amount of Margin credited to your Account will not constitute a debt due by eToro Australia to you. Subject to you meeting all Margin Cover requirements, you are entitled to be paid by eToro Australia an amount equal to the Withdrawable Funds and, on being paid, there will be a corresponding reduction in the balance of your Account.
 - (l) You acknowledge that your liability with respect to maintaining Margin Cover is not limited to the amount you initially or later pay eToro Australia. You authorise eToro Australia to withdraw or otherwise apply funds or Financial Products held for your benefit by eToro Australia in any Account, or funds in any Trust Account, to satisfy partially or fully any liability you have to maintain Margin Cover.
 - (m) eToro Australia will have sole, absolute and unfettered discretion, as to the exercise of any power or right under this clause 10, including, without limitation, the calling of Margin.
 - (n) Any power or right exercised by eToro Australia under this clause 10 will be binding upon you.
 - (o) Any reference to time under this clause 10 includes weekends and public holidays.
- to do any one or more of the following:
- (i) in accordance with clause 14 terminate these Terms;
 - (ii) Close Out all or any open OTC Transaction you may have as if you had given a closing notice to eToro Australia and had accepted the Closing Price determined by eToro Australia in accordance with clause 7;
 - (iii) In accordance with clause 11(d) treat all or any open OTC Transaction as having been terminated by you;
 - (iv) terminate any agreement or account whatever you have or may have with eToro Australia;
 - (v) if there are insufficient funds in your Account to satisfy amounts owing to eToro Australia (including to maintain the Margin Cover), eToro Australia may cancel any outstanding Orders in order to close your Account;
 - (vi) satisfy obligations that you have to eToro Australia out of any property belonging to you including, money or security in eToro Australia's custody or control including, without limitation, the Trust Account or by selling securities lodged by you with eToro Australia or setting off obligations such that security transferred as collateral is not required to be

11. Actions following a Default

- (a) Upon or after any Default occurs, eToro Australia, without prejudice to any other rights it may have under these Terms, has the right and power in its sole absolute and unfettered discretion and without necessity to give prior or any notice to you

returned but instead the value of them (as determined by eToro Australia) is applied in calculation of the set-off of obligations and to enforce any asset or security held by eToro Australia in such manner as it sees fit at your risk and expense;

- (vii) transfer from your other accounts or the Trust Account, if any, such funds as may be required for that purpose to satisfy any obligation you may have to eToro Australia; and
- (viii) exercise any power or right that eToro Australia may have in accordance with these Terms or in law or equity or take any other form of action as the holder of an Australian financial services licence (AFSL) may be required to take.
- (b) eToro Australia does not forgo any of the rights outlined in this clause 11 incurred as a result of a delay in the exercise of such rights. If eToro Australia does not exercise any of its rights, it may do so at any time in the future.
- (c) If eToro Australia exercises its rights under clause 11(a)(ii), you authorise eToro Australia to Close Out the OTC Transactions, at your risk and expense as if you had given notice on the date that eToro Australia exercises its right, in accordance with clause 7.
- (d) If eToro Australia treats an OTC Transaction as having been terminated by you and eToro

Australia exercises its rights in accordance with clause 11(a)(iii), eToro Australia will calculate the amount owing by you or by eToro Australia as if you had been given a closing notice and you had accepted the Closing Price determined by eToro Australia in accordance with clause 7. eToro Australia may debit from your Account an amount equal to the amount which would have been payable by you to eToro Australia had the OTC Transaction been closed at the Closing Price. It is agreed that this amount represents a reasonable pre-estimate of the damages incurred by eToro Australia.

- (e) Any action taken by eToro Australia in accordance with this clause 11 does not limit any other provision of these Terms and is without prejudice to any other rights which eToro Australia may have to any other remedy or damages.

12. Illegality

- (a) If any event occurs which has the effect of making or declaring it unlawful or impracticable for eToro Australia to offer or to maintain Contracts for Difference to you in accordance with the terms outlined in these Terms, eToro Australia may immediately terminate these Terms by providing you written notice of that. A termination of these Terms will also result in the closure of all Contracts for Difference in accordance with clause 11(c) as if it were a Default. Any such termination will not relieve you of any obligations you may have to eToro Australia in

accordance with these Terms prior to its termination.

For this clause, events include any change in law, regulation, treaty, order, official directive or ruling or in their interpretation or application by any governmental authority or agent, and the introduction, implementation, operation or taking effect of, any law, regulation, treaty, order or official directive or ruling.

13. Hedge Counterparty arrangements

13.1 You acknowledge that if you acquire a Contract for Difference, you have no right to, or interest in, the Reference Asset or any Hedge Contract.

14. Termination of a Contract for Difference

14.1 You acknowledge that eToro Australia may terminate a Contract for Difference (apart from any other right to terminate) if:

- (a) the Reference Asset ceases to be able to be traded on a relevant market or is subject to a trading suspension or trading halt for a period of more than five (5) Business Days;
- (b) the Reference Asset ceases to be able to be traded (whether on a market or in a centralised or decentralised exchange or otherwise) in volumes referable to the Hedge Contract or is subject to a material disruption to its continuity (or such an event is announced or is reasonably imminent);
- (c) an Adjustment Event occurs and eToro Australia determines that it is not reasonably practicable to make an adjustment to the terms

of a Contract for Difference under this Schedule;

- (d) the relevant Hedge Contract, or eToro Australia's rights under the relevant Hedge Contract or in respect of the relevant Reference Asset, are Closed Out, suspended or terminated by the Hedge Counterparty (which may occur automatically under the terms of any agreement between eToro Australia and the Hedge Counterparty); or
- (e) eToro Australia considers, acting reasonably, that the Hedge Counterparty or issuer of the Reference Asset may not be able to meet its obligations to eToro Australia under the terms of the Hedge Contract or Reference Asset or other contracts between eToro Australia and the issuer of the Reference Asset or the Hedge Counterparty.

14.2 If eToro Australia terminates a Contract for Difference under clause 14.1 or otherwise, eToro Australia will determine a termination value, payable by eToro Australia to you or by you to eToro Australia, which eToro Australia considers appropriate, acting reasonably, and having regard to the circumstances of termination, the value (if any) of the Reference Asset and the position as between eToro Australia and the Hedge Counterparty in respect of the Hedge Contract. The termination will take effect at the time determined by eToro Australia.

Schedule 5

TRADING CONTRACTS FOR DIFFERENCE IN RELATION TO CRYPTOASSETS

This Schedule 5 sets out the specific terms that will apply to you when trading CFD cryptoassets on the eToro platform. The terms in this Schedule 5 apply to you in addition to the eToro Australia Financial Product Terms, the FSG, the PDS or to any legal documents, which apply to all of our services and not just cryptoasset CFD trading. Capitalised words in this Schedule 5 will have the same meaning which are given to those word in the eToro Australia Financial Product Terms. If a term of this Schedule 5 conflicts with or differs from a term in the eToro Australia Financial Product Terms, this Schedule 5 will apply. This Schedule was published and updated on 18 August 2021

1. The cryptoasset CFD trading service

1.1 Our services may allow you to trade CFDs in relation to cryptoassets using leverage which is subject to the terms of these Terms and this Schedule 5.

1.2 There might be cases that non-leveraged crypto positions will be classified as CFD. This will be indicated in our trading platform and/or your account statements.

1.3 If the transaction you enter into is a CFD in relation to cryptoassets, this will be specified on the transaction platform and/or your account statement.

2. The key risks of trading cryptoasset CFDs

2.1 In addition to the key risks of trading CFDs as set out elsewhere in these Terms, the below key risks apply in relation to trading cryptoassets CFDs.

2.2 CFDs are complex derivative products and come with a high risk of losing money quickly due to leverage (regardless of the underlying product). Cryptoassets are volatile products, which means the prices of the products can change rapidly, and are therefore unpredictable. The price fluctuation of cryptoassets, in combination with the use of leverage, means that your trades in cryptoasset CFDs may significantly increase or decrease in value at any given moment, and this may result in a loss of all the capital you have invested in such cryptoasset CFD transaction. Therefore, cryptoasset CFDs come with an even higher risk of losing money.

2.3 You should only trade CFDs if you have sufficient time to manage your transactions on an active basis. This is even more important when trading cryptoasset CFDs, due to the volatility of the underlying cryptoassets, in combination with the use of leverage. If the market moves against your position, you may be called upon by us to provide additional Margin, without notice or on very short notice, in order to maintain your position (including where an Exceptional Event occurs). If you do not provide the required funds within the time required by us, your position may be closed out at a loss.

2.4 Other important risks which are specific to trading cryptoasset CFDs include:

- (a) particularly during periods of high volume, illiquidity, fast movement or volatility in the marketplace for any cryptoassets, the actual market rate at which a market order or trade for a cryptoasset CFD is executed may be different from the prevailing rate indicated via the CFD trading services at the time of your order or trade;
- (b) the actual market rate at which a market order or trade for a cryptoasset CFD is executed may be different from the rate that is displayed on the eToro platform at the time that you make your order, if prices are fluctuating substantially;

- (c) cryptoassets are a unique kind of product, backed by technology and trust, unlike most currencies, which are backed by governments or other legal entities, or by commodities such as gold or silver. This means there is no central bank that can take corrective measures to protect the value of cryptoassets, and therefore the value of cryptoasset CFDs based on those cryptoassets;

2.5 As cryptoassets are virtual products, they may become 'delisted' or unsupported at any time, which means they may no longer be offered for sale or exchange on markets. If this happens, the CFDs which reference those delisted cryptoassets may become worthless.

2.6 Cryptoassets are operated by underlying software protocols. We do not own or control the software underlying the cryptoassets in respect of which cryptoasset CFDs are available for trading on our platform. In general, the underlying software protocols are 'open source', which means anyone can use, copy, modify, and distribute them. The underlying protocols which govern cryptoassets are subject to sudden changes in operating rules, known as "**Forks**". Forks can materially affect the way in which cryptoassets are valued, and therefore the way in which CFDs which reference those cryptoasset are valued, and can create extreme price volatility.

2.7 You should carefully consider whether trading cryptoasset CFDs is suitable for you, in light of your financial circumstances. You should ensure that you fully understand how cryptoassets and CFDs work (including all associated risks and costs), and are aware that the use of margin or leverage when trading CFDs in relation to cryptoassets creates even greater risks than the use of margin or leverage when trading CFDs in relation to other underlying products.

3. Our rights and your rights in special circumstances

3.1 We reserve the right to close any open cryptoasset CFD positions, in a fair way and taking into account the treatment we may receive from our counterparties and/or any relevant third party, where the underlying cryptoasset is impacted by any of the following events:

- (a) if the underlying cryptoasset is delisted, removed and/or cancelled from any of the exchanges on which it is listed;
- (b) if we reasonably become aware that the underlying cryptoasset is likely to be delisted, removed and/or cancelled from any of the exchanges on which it is listed;
- (c) if you do not have the required margin in your account or you do not meet the margin requirements;
- (d) we no longer support the trading in such underlying cryptoasset for any reason;
- (e) an Exceptional Event has occurred, as defined in clause 26 of the Terms; and/or
- (f) a Fork has occurred in relation to the underlying cryptoasset.

3.2 If you have placed a cryptoasset CFD order when the market of the underlying cryptoasset is suspended, and/or when the market was open, however, your order is triggered shortly following a suspension, then we will execute the applicable order as soon as is reasonable under the circumstances when trading resumes. We do not guarantee that your order will be executed at the first available underlying market price at commencement of trading or within any specific range compared to other market prices which may be available to you from other sources. We are not liable for any loss or for other claims which you may have in connection with such orders.

3.3 When trading cryptoasset CFDs, you acknowledge and agree that we are not responsible for the operation of the underlying protocols and that we make no guarantee of their functionality, security, reliability or availability. You also acknowledge and agree that we have no responsibility or liability in respect of an unsupported branch of a cryptoassets subject to a Fork.

3.4 When a Fork occurs, there may be substantial price volatility around the event, and we may temporarily suspend trading of CFDs which reference the forked cryptoasset on the eToro platforms (with or without advance notice to you). We may then, at our discretion:

- (a) configure or reconfigure its systems;
- (b) determine which of the forked cryptoassets has the majority consensus behind it and offer an alternative cryptoasset CFD on our trading platform; and/or
- (c) decide not to support (or cease supporting) the impacted cryptoasset CFD entirely.

3.5 In the event that a situation arises that is not covered under the Terms, we will endeavour to resolve the matter on the basis of good faith and fairness and, where appropriate, by taking such action as is consistent with market practice.

Schedule 6

TRADING CRYPTOASSETS

This Schedule 6 sets out the specific terms that will apply to you when trading cryptoassets on the eToro platform. The terms in this Schedule 6 apply to you **in addition** to the eToro Australia Financial Product Terms, the FSG, the PDS or to any legal documents, which apply to all of our services and not just cryptoasset trading. Capitalised words in this Schedule 6 will have the same meaning which are given to those word in the eToro Australia Financial Product Terms. If a term of this Schedule 6 conflicts with or differs from a term in the eToro Australia Financial Product Terms, this Schedule 6 will apply. This Schedule was published and updated on 18 August 2021.

1. Our cryptoassets trading service

- 1.1** A "**cryptoasset**" is a type of decentralised digital currency or asset which is not issued by any central bank or issuer. Technological encryption techniques are used to produce units of the currency or asset and verify the transfer of units between owners of the cryptoasset.
- 1.2** We will act as your agent for your cryptoasset trades. This means that we will instruct a trade to be entered into with an executing broker on your behalf. The executing broker may be a third-party entity or an eToro affiliate or eToro group entity.
- 1.3** The cryptoassets that we offer for trading may change from time to time. To view what cryptoassets are offered on our Trading platform, visit our website at <https://www.etoro.com/discover/markets/cryptoassets>.
- 1.4** Our cryptoasset services are differentiated depending on the type of position you enter into, your country of residence and the date on which you entered into your position. As a result, some of your trades, including historical open trades, in cryptoassets may not be carried out through our cryptoasset

trading service and will instead be carried out as CFD trades. We have included a full list of these trades and what alternative service will be used at Appendix 1 to this Schedule 6. Your account statement will include an indication of the type of transaction.

2. Investor protection and compensation

- 2.1** Since cryptoassets markets are decentralised and non-regulated, our cryptoassets trading service is an unregulated service which is not governed by certain Australian regulatory frameworks. This means that there is no central bank that can issue more currency or take corrective measures to protect the value of cryptoassets in a crisis.
- 2.2** As cryptoassets are unregulated, when you use our cryptoassets trading service you will not benefit from the protections available to clients receiving regulated investment services. For example, you may not have access to Australian Financial Complaints Authority for dispute resolution.
- 2.3** As part of the cryptoassets trading service, we may rely on third party service providers (including affiliated companies) to buy or hold the cryptoassets on your behalf. Those third parties may be based outside of Australia and/or may be unregulated.

3. Limitations to our cryptoassets trading service

- 3.1** We offer a 'non-delivery' cryptoassets trading service and the eToro trading platform is not an exchange or a market. This means that you can only enter into cryptoasset trades with us on the platform, and not with third parties. You will also not have the right to vote, stake (unless otherwise stated by us in accordance with paragraph 8 – "Staking"), or otherwise participate in any events or actions that may occur in relation to the

cryptoasset. Therefore, our services are limited to you buying and selling cryptoassets on our platform.

3.2 You will generally not be able to transfer your cryptoassets out of your eToro account, including for the purposes of selling that cryptoasset on another platform or to another person, or transfer cryptoassets into your eToro account from a different account. However, we reserve the right to permit and support this functionality at our discretion.

4. Orders

4.1 Each order given by you will be binding on you notwithstanding that by entering into the order as applicable, you may have exceeded any limit applicable to you or in respect of your dealings with us.

4.2 We are not required to accept every order that you make, or if we have accepted your order, we are not required to complete/execute every order. For example, we may not accept an order, not execute or complete an order, or cancel an order:

- (a) for the reasons set out in clause 6.4 of the eToro Financial Product Terms;
- (b) due to the size of the order, for example large orders which cannot be filled;
- (c) because we cease to offer the cryptoasset product;

and/or

- (d) because you exceed any limits applicable to you or in respect of your dealings with us and other matters that affect trading generally.

4.3 As provided in clause 6.5 of the eToro Australia Financial Product Terms, you may request to cancel or amend an order which we have not executed. However,

we cannot guarantee that we will be able to carry out your request. In addition to this clause, we are not liable to you if we are unable to carry out your request. You acknowledge and agree that:

- (a) if an order cannot be cancelled or amended, you are bound by any execution of the original order;
- (b) attempts to amend or cancel and replace an order can result in an over-execution of the order or the execution of duplicate orders. Our systems do not prevent such over-executions or duplications from occurring, and therefore you shall be responsible for all such over-executions or duplications; and
- (c) if you enter a cancellation request, you will confirm that the cancellation has occurred prior to entering into any replacement orders.

4.4 You are responsible for monitoring your orders until they are confirmed or cancelled, as we may not provide you with explicit written notification. You should contact us immediately if you are unsure about the status of an order.

4.5 We cannot guarantee that your execution price will match your order price, including where you've placed a limit order, take profit and/or stop loss order. This is because the market may be volatile and/or the price may have moved up or down between the time that you place your order (or the time your limit order, take profit and/or stop loss order has been activated) and the time that we execute your order. This is known as slippage. To be clear:

- (a) if you place a cryptoasset order (whether during normal market hours or when the market is closed), you agree to pay or receive the prevailing market price at the time your market order is executed. You

understand that the price you pay may be significantly higher or lower than you had anticipated at the time you placed the order, and therefore such price movements may be in your favour or against you;

- (b) there is no guarantee that your order will be filled in full or in part. Where a delay occurs for any reason, we will attempt to execute the order as soon as reasonably practicable. You acknowledge and accept that the market price of the cryptoasset may have moved during the time between our receipt and acceptance of your order and our attempt to execute order;

4.6 You acknowledge and agree that we reserve the right to cause any of your cryptoasset orders to be routed for execution to one or more exchanges or off-exchanges, associations, electronic communications networks or markets according to our sole discretion.

4.7 Unless we agree otherwise, all sums payable by you are due immediately and must be paid on entering into the transaction.

5. The key risks of trading cryptoassets

5.1 Our cryptoasset trading service is not appropriate for everyone. Cryptoassets are volatile virtual products and come with a high risk of losing money quickly. Prices can and do fluctuate significantly on any given day. Due to these price fluctuations, your holdings may significantly increase or decrease in value at any given moment, and this may result in a loss of all the capital you have invested in a transaction.

5.2 The most important risks when trading cryptoassets are:

- (a) Particularly during periods of high volume, illiquidity, fast movement or volatility in the marketplace for any cryptoassets, the actual market rate at which a market order or trade is executed may be different from the prevailing rate indicated via the cryptoassets trading services at the time of your order or trade.

- (b) The actual market rate at which a market order or trade is executed may be different from the rate that is displayed on the eToro platform at the time that you make your order, if prices are fluctuating substantially.

- (c) Cryptoassets are a unique kind of product, backed by technology and trust, unlike most currencies, which are backed by governments or other legal entities, or by commodities such as gold or silver. This means there is no central bank that can take corrective measure to protect the value of cryptoassets in a crisis or issue more currency.

- (d) As cryptoassets are virtual products, they may become 'delisted' or unsupported at any time, which means they may no longer be offered for sale or exchange on markets. If this happens, the cryptoassets may become worthless. Please refer to paragraph 12 - "Our rights and your rights in special circumstances" for further information on how we may treat positions in such events.

- (e) Under certain market conditions, you may find it difficult or impossible to liquidate a position, such as where the market reaches a daily price fluctuation limit or where there is insufficient liquidity in the market.

- (f) As cryptoassets are digital assets, there is a risk that third parties may obtain unauthorised access to your information and/or your assets.
 - (g) Cryptoassets are often traded using independent blockchain technology. Your use of blockchain and other third party networks will be subject to any changes and/or amendments in their systems and to any Applicable Law which may apply to them. We are not responsible for any failure, mistake, error, or breach of third party networks. We also do not make any guarantee about the services provided by and the security of third party networks.
 - (h) Cryptoassets are operated by underlying software protocols. The underlying protocols are subject to sudden changes in operating rules (called "**Forks**"), and such Forks may materially affect the value, function, and/or even the name of the cryptoasset which we hold for your benefit. We explain your rights and our rights if a fork occurs in more detail in paragraph 12 - "Our rights and your rights in special circumstances".
 - (i) We may execute orders through, or hold cryptoassets and currencies with, a third party. These third parties may not be banks. This means that, if a company holding the currencies or cryptoassets fails, is hacked, or goes out of business, your money and assets are not protected in the same way as they would be if they were held by a bank. In particular, we may only have an unsecured claim against that third party on your behalf, which means that you are less likely to recover your money.
 - (j) Cryptoassets are unregulated products. This means that, when you invest in cryptoassets, losses incurred due to cryptoasset trading will not be eligible for government compensation. Please see paragraph 2 – "Investor protection and compensation" for more information on this.
- 5.3** You should therefore carefully consider whether trading or holding cryptoassets is suitable for you, in light of your financial circumstances, and you should ensure that you fully understand the risks before using our cryptoassets trading services. You should only use our cryptoassets trading service if:
- (a) you have sufficient and relevant knowledge about or experience in, trading in volatile markets;
 - (b) you are trading with money you can afford to lose;
 - (c) you have a high-risk tolerance; and
 - (d) you want to gain short term exposure to a product/market.
- 5.4** Please refer to clause 5 of the General Terms and Conditions, the General Risk Disclosure, and our website for more information on the key risks of using our services.
- 6. Limitation on liability**
- 6.1** Cryptoassets are highly speculative assets which rely on a number of external variables for their existence and value. As a result, there are a number of additional risks and liabilities that you will be exposed to when trading cryptoassets. This paragraph sets out a number of these liabilities and explains the circumstances under which we will not be liable for any

losses, costs, or expenses that you suffer subject to Applicable Law.

6.2 We are not liable to you where you suffer a loss, cost, or expense as a result of:

- (a) any delay or change in market conditions before we execute an order or before a transaction settles;
- (b) any delay or interruptions caused by any computer viruses, spyware, scareware, Trojan horses, worms or other malware that may affect your computer or other equipment, any cyber-attack or any phishing, spoofing or other attack. We advise the regular use of a reputable and readily available virus screening and prevention software. You should also be aware that SMS and email services are vulnerable to spoofing and phishing attacks and should use care in reviewing messages purporting to originate from us;
- (c) any loss caused by theft, robbery, burglary or other criminal taking if a computer, computer system, computer software program, malicious code, computer virus or process or any other electronic system is used to perform such acts;
- (d) any loss of any kind resulting from any communication failures, disruptions, errors, distortions or delays you may experience when trading on the eToro platform, regardless of how they are caused;
- (e) any loss resulting from a network failure of a cryptoasset's cryptographic protocol;
- (f) any loss caused by a custodian and/or by any third party;

(g) any lost profits or damages that are caused by or are connected to unauthorised use of the eToro platform or services, even where we or one of our representatives knew or should reasonably have known about the possibility of such damages; and

(h) any loss of any kind, from action taken in reliance on material or information, contained on eToro's trading platform or websites and/or on the blockchain systems.

6.3 Neither eToro Australia, its affiliates and service providers, nor any of their respective officers, directors, agents, joint venture partners, employees or representatives, will be liable for any amount larger than the value of the cryptoassets currently deposited in your account. As a result, for example, if you claim that we failed to process a buy or a sell transaction properly, your damages are limited to no more than the value of the supported cryptoasset at issue in the transaction.

6.4 We also do not promise or guarantee that:

- (a) the trading platform, and the server that makes it available, are free of viruses or errors, that its content is accurate, that it will be uninterrupted, or that defects will be corrected;
- (b) the service will be available at all times;
- (c) access to our website, any part of the services, our terms and other information provided by us or any part of our services will be continuous, uninterrupted, timely, or error-free; or
- (d) historical cryptoasset price data available on the trading platform is accurate and/or complete.

6.5 The services are provided on an "as is" and "as available" basis without any representation or warranty, whether express, implied or statutory. To the maximum extent permitted by Applicable Law, we specifically disclaim any implied warranties of title, merchantability, fitness for a particular purpose and/or non-infringement.

6.6 Please refer to clause 23 of the eToro Australia Financial Product Terms for more information on the general limitations to our liability when you trade using any of our services.

7. Placing an order

Please refer to clause 8 of the eToro Australia Financial Product Terms for information on how you may place an order and provide trading instructions on the eToro platform.

8. Staking

8.1 When you hold cryptoassets with us, we may 'stake' these cryptoassets in a third party 'proof of stake' network through staking services provided by us ("**Staking Service**"). 'Staking' is where cryptoassets are held in a cryptocurrency wallet to support the operation of a blockchain network ("**Staked Cryptoassets**"). In a proof of stake network, transaction validators are chosen using a formula based on ownership of the underlying cryptoassets (as opposed to based on computing power, known as 'proof of work'). Please visit our [staking information page](#) for further details on how proof of stake works.

8.2 As part of the Staking Service, we or any third party appointed by us will stake certain Staked Cryptoassets on your behalf, acting as a transaction validator on the applicable network. If we or anyone on our behalf successfully validates a block of transactions using that Staked Cryptoasset, a reward is granted by that cryptoassets' network (a

"**Staking Reward**"). The more Staked Cryptoassets, the greater the chance of receiving a Staking Reward.

8.3 When you buy or hold a Staked Cryptoasset from us, you consent to such Staked Cryptoassets being staked in part or in entirety by us, or a third party on our behalf, in our sole discretion. We will disclose the Staked Cryptoassets at our [staking information page](#) (as amended by us from time to time).

8.4 We may amend, change or update your Staked Cryptoassets at any time and without prior notice. We may choose to engage service providers to stake some or all of your cryptoassets. We do not represent, warrant or guarantee that:

(a) you will receive any stated percentage of any Staking Rewards;

(b) staking will occur on a continuous basis;

(c) staking will occur on an uninterrupted or error-free basis, or that we will correct all defects or prevent third-party disruptions or unauthorised third party access (and in the event of such disruptions, any Staked Cryptoassets may not generate Staking Rewards); or

(d) any particular cryptoasset will be staked or will continue to be staked.

8.5 We may choose to cease staking any cryptoasset at any time in our sole discretion.

8.6 Where we distribute Staking Rewards to you, we will aim do so at the rates set out at our [staking information page](#) and only after receipt by us. The percentage and timing of Staking Rewards will:

(a) be determined by us in our sole discretion;

- (b) be subject to our fees and any costs incurred for such transactions;
- (c) vary according between Staked Cryptoassets; and
- (d) be detailed in your trading account.

8.7 You agree that we do not guarantee that we will distribute Staking Rewards to you, and that where we do so, the applicable percentage of Staking Rewards set out at our [staking information page](#):

- (a) are estimates only and are not guaranteed;
- (b) may change at any time in our sole discretion; and
- (c) may be more or less than the Staking Rewards we receive.

8.8 A determination by the third-party proof of stake network that the Staking Service has been erroneously operated may result in a "**slashing penalty**", and the non-payment of the relevant Staking Rewards. We will use commercially reasonable efforts to ensure that your cryptoassets will not be subject to a slashing penalty, but in the unlikely event they are, we will promptly replace your relevant cryptoassets assets at no additional cost to you, except where the relevant slashing penalty is as a result of:

- (a) your acts or omissions;
- (b) any supported protocol maintenance, bugs, or errors;
- (c) acts by a hacker or other malicious actor; or
- (d) force majeure events.

9. Fees and costs

9.1 Please refer to clause 13 of the eToro Australia Financial Product Terms for more information on the fees and costs

which apply to all transactions on the eToro platform.

9.2 If you sell cryptoassets, the consideration for the transaction, less commission and all applicable charges and taxes, will be available on your account for reinvestment, but you will not be able to withdraw it from your account until the transaction has settled.

9.3 Additional charges may also be incurred by you in the case of the delayed or failed settlement of a transaction. Any such amounts will be your responsibility and, where appropriate, will be deducted from your account. This may occur where there is low demand for a cryptoasset that you want to trade on the platform, meaning that there is a period of time between you choosing to sell the cryptoassets and it being bought on the platform.

10. Taxation

All amounts extracted from your account are gross amounts, meaning that we have not collected, deducted, or paid any taxes for you or on your behalf. It is your responsibility to calculate and pay all applicable taxes that you owe as a result of your trading activity on the eToro platform. However, we may withhold and deduct at source any taxes due under Applicable Law at our sole discretion. You will have no claim against us where we have made such a deduction. Where necessary, we or our affiliates will deduct and report tax deduction on an aggregate basis with respect to all our clients. To the extent you require us to issue your personal report specifying the taxes withheld at source on your behalf, we may debit your account with our cost and expenses in connection with the preparation and filing of said reports including any re-submissions and late charges.

11. Settlement

11.1 We are not responsible for any delay in the settlement of a transaction resulting from circumstances beyond our control, or the failure of any other person or party (including you) to perform all necessary steps to enable completion on the settlement date.

11.2 We may refuse to allow a withdrawal on any account that you have with us if it would leave insufficient funds in the account to pay for any unsettled transactions. Where you make payment into your account and then make a withdrawal shortly afterwards, we reserve the right to delay settlement for up to eight business days to ensure your payment has cleared.

12. Custody

12.1 Cryptoassets are not regulated products and, therefore, trades or copy trades related to cryptoassets are not subject to Applicable Law on custody. However:

- (a) we may appoint an affiliate or third party to hold cryptoassets on your behalf, and we will exercise reasonable skill and care in the selection, appointment and periodic review of the firm we appoint. In this circumstance, the cryptoassets may be held in the affiliate or third party's 'wallet', or in another appropriate manner;
- (b) we, an appointed affiliate, or an appointed third party, may hold the cryptoassets which you've bought on our platform, until we receive further instructions from you to sell that cryptoasset;
- (c) where we, our appointed affiliate or appointed third party hold your cryptoassets, those cryptoassets will be pooled with the cryptoassets of our other clients (we call this an "**Omnibus**

Account"). There is a risk of loss from the use of an omnibus account. However, detailed records of all your cryptoassets held by us, our appointed affiliate, or the appointed third party, will be kept at all times to show that your cryptoassets are held on your behalf in order to mitigate that loss; and

- (d) as your cryptoassets are held in an Omnibus Account, if we, our appointed affiliate, or the appointed third party become insolvent, you may not have a legal claim against a specific amount of money, or a specific amount of cryptoasset. Instead, any claim will be generally against the Omnibus Account. If there is an unreconciled shortfall, you may not receive your full entitlement to the cryptoasset, or the value of the cryptoasset in fiat money (e.g. currencies such as Australian Dollars, US Dollars or Sterling) and you may share the shortfall proportionately with other clients.

13. Our rights and your rights in special circumstances

13.1 If you place an order on our trading platform and then one or more of the cryptoassets that form the subject of your order is delisted and/or we no longer support the trading in such cryptoassets for any reason, then we will immediately close your order and notify you of this as soon as possible.

13.2 If we reasonably become aware that a cryptoasset that you hold in your account is likely to be delisted, removed and/or cancelled from any of the exchanges on which it is listed, and we believe that we are not able to trade in such cryptoassets, we reserve the right to sell the impacted cryptoassets on your behalf at the time and price, and in such manner, as we

determine is reasonable in the circumstances at our sole discretion. We will notify you as soon as possible before selling your cryptoassets.

13.3 If at any time trading on the underlying market is suspended in any cryptoasset that forms the subject of your order, then the applicable order will also be suspended and you will not be able to sell any cryptoasset we hold on your behalf until such suspension is terminated and trading recommences.

13.4 When the suspension referred to at paragraph 12.3 is lifted, any order that you may have given us with respect to the cryptoasset that have been triggered will be executed as soon as is reasonable in the circumstances. We cannot guarantee that your order will be executed at the first available underlying market price or at all.

13.5 We do not own or control the software underlying the cryptoassets that are available for trading on our platform. In general, the underlying software protocols are 'open source', which means anyone can use, copy, modify, and distribute them. Forks can materially affect the way in which cryptoassets are valued, their function, and even the name of the cryptoasset which we hold for your benefit, and can create extreme price volatility.

13.6 By using our cryptoassets trading service, you acknowledge and agree that we are not responsible for operation of the underlying protocols and that we make no guarantee of their functionality, security, reliability or availability. You also acknowledge and agree that we have no responsibility or liability in respect of an unsupported branch of a forked cryptoasset.

13.7 When a Fork occurs, we may temporarily suspend trading on the eToro platforms (with or without advance notice to you). We may then, at our discretion:

- (a) configure or reconfigure its systems;
- (b) determine which of the Forked cryptoassets has the majority consensus behind it and offer this cryptoasset on our trading platform; and/or
- (c) decide not to support (or cease supporting) the Forked cryptoasset entirely.

13.8 In the event of a Fork, you acknowledge and agree that we may decide at our sole discretion to adjust the cryptoasset holdings in your account with respect to any affected cryptoasset held by you. Such adjustment shall be calculated by us and will be made on the basis of good faith, fairness and, where appropriate, by taking such action as is consistent with market practice and/or taking into account the treatment we may receive from our counterparties or any relevant third party. We may deduct any applicable tax, but we may also make these adjustments without deducting any taxes that will apply to you as a result of the adjustment. You will be obligated to pay the taxes that you are responsible for where we have not made tax deductions on your behalf.

13.9 We will not usually notify you before making a change to your portfolio under paragraph 12.8. Therefore, you should make yourself aware of the market conditions and the Forks that could occur. When a hard Fork occurs, there may be substantial price volatility around the event, and we may suspend trading if we do not have reliable prices from the underlying market.

13.10 In the event that a situation arises that is not covered under this Schedule 5, or the eToro Australia Financial Product Terms, we will resolve the matter on the basis of good faith and fairness and, where appropriate, by taking such action as is consistent with market practice.

14. We may loan, hold, and utilise your cryptoassets

You acknowledge, accept, and consent to us lending any cryptoassets held on your behalf to any third party (including ourselves), holding any cryptoassets held on your behalf in third party 'wallets', and/or utilising any cryptoassets held on your behalf or rights arising from or related to such cryptoassets for our benefit, unless prohibited by Applicable Law, all subject to your right to sell such cryptoasset at any time. If we receive income or benefits for such cryptoassets, we are not obliged to pass on such income or benefits to you.

Appendix 1 to Schedule 6

Situations in which Cryptoasset Trading Services are Differentiated

Even though your transaction may relate to cryptoassets, we do not execute certain transactions through our cryptoasset trading service.

Where the transaction will be listed as a CFD transaction, this will be indicated on the trading platform and/or account statement.

Where we do not execute your trade through our cryptoasset trading service, your trade will be executed as a CFD transaction. Accordingly, you should to refer to Schedule 5 – Trading CFDs, instead of this Schedule 6 – Trading CFDs in relation to Cryptoassets where your transaction falls into one of the categories listed below.

The following transactions shall be executed as CFDs:

- (a) transactions where you enter into a short trade on cryptoassets;
- (b) cryptoassets copy trading transactions classified as CFDs in the account of the copied investor, unless otherwise indicated in the Trading Platform;

- (c) all or certain types of transactions in cryptoassets made by users from certain countries (as a result of any liquidity restriction or regulatory restriction or any other reason as shall be determined by us in our sole discretion), as shall be amended from time to time at our sole discretion (this includes also reclassifying your open trades). Such transactions will be indicated on the trading platform and in your account statement as CFD transactions;
- (d) all cross transactions of cryptoassets with other cryptoassets (e.g. ETH/BTC) and/or with currency (e.g. ETH/EUR, BTC/EUR).

This is not an exhaustive list so **there may be other transactions that we are unable to execute as cryptoasset transactions (according to our sole discretion), as shall be indicated in our trading platform and/or account statement.**

***** END OF DOCUMENT *****

eToro Service – Account Terms

This document sets out the Terms which are comprised in the agreement between Gleneagle Asset Management Limited ABN 29 103 162 278 AFSL 226199 (Level 27, 25 Bligh Street, Sydney NSW 2000 Australia) as responsible entity of the Scheme (**us/we**) and Client.

4. Agreement

4.1 A new agreement between Client and us is formed when we accept Client's application in an Application Form, as recorded in our records without express notice of that acceptance given to Client (and without requiring any signature or other execution by or on behalf of us or Client). Client accepts that the agreement is made in this manner and that we rely on Client's acceptance of this. The agreement consists of the Application Form and these Terms plus any other documents annexed to or incorporated by these Terms, all as amended from time to time (**agreement**).

4.2 For the purpose of resolving any inconsistency between the documents specified in clause 1.1, the order of precedence (with highest priority first) is: (a) any other documents annexed to or incorporated by these Terms; (b) the Terms; and (c) an Application Form.

4.3 Acceptance of Client's Application Form is in our sole discretion.

4.4 For the purposes of these Terms and the agreement, a person may be an existing Client with or without any documented terms and whether or not the service they received from us is continuing, direct or indirect, and with or without fees, charges or costs or any express or implied agreement to be a client of ours. We will acknowledge such persons as a Client unless the person expressly notifies us that they opt out of the Services.

4.5 These Terms and the agreement entirely replace and supersede all prior terms (express or implied), subject to paragraphs (a) and (b), with effect from the earliest of the following: (i) the date notified to Client that these Terms will take effect; and (ii) after we have given notice of the date that these Terms will apply, before that takes effect Client gives instructions to us which require new or further Services to Client (for example, receiving general advice or giving instructions to arrange an order to be placed):

- (a) an increase in a fee payable by a Client who is a retail client will take effect on the day which is 31 days after the day notice is given to Client (including being deemed to have been given to Client);
- (b) despite any other provision of these Terms, an amendment of any existing terms which cannot take effect earlier than the period prescribed by any applicable law will take effect on the first day after the period prescribed by the law.

5. Services

5.1 By these Terms, Client appoints us to provide Client with the following services:

- (a) acting on behalf of Client for the purposes of dealing (including arranging to deal) in Financial Products and (if applicable to the Financial Product) all related settlement and clearing of them;
- (b) acting on behalf of Client for the purposes of dealing (including arranging to deal) in Financial Services;

- (c) advisory services in relation to Financial Products and Financial Services;
- (d) dealing, advisory and management services in relation to other products or services which are not Financial Products or Financial Services; and
- (e) all ancillary or related services in accordance with these Terms,

as amended or varied from time to time, collectively referred to in the agreement as **Services**.

For the avoidance of doubt, the Services do not include, and these Terms do not cover, the terms of any Financial Product issued by any person which we deal with on behalf of Client.

6. Our general obligations

6.1 The following general obligations are subject to any specific obligation expressly set out in the Terms and to any statutory obligation which may not be affected by the Terms. We will:

- (a) act honestly in providing the Services;
- (b) exercise the degree of care and diligence that a reasonable person would exercise if they were in our position in providing the Services to Client;
- (c) maintain at all times professional indemnity insurance as required by law; and
- (d) maintain adequate arrangements to enable us to provide the Services in any contingency for which we should reasonably plan.

6.2 We represent that:

- (a) We have adequate arrangements to enable us to provide the

Services in any contingency for which we should reasonably plan.

- (b) We have the power and authority to enter into the agreement and to perform the obligations imposed on us by the agreement.

7. Client's general obligations

7.1 Client must ensure that:

- (a) the information provided by Client in the Application Form is complete, true and correct as at the time it is supplied; and
- (b) we are promptly notified in writing of any changes to the information which was given in the Application Form or which was later given to us;
- (c) we are promptly notified in writing of any changes to Client's authorised representative because we will rely on Client's written notification until Client tells us otherwise despite any other information we might receive from other sources; and
- (d) Client provides us with any information which we require if we decide that we need that information to perform our Services or to comply with law or our internal compliance policies and procedures even if we choose not to tell Client, or we are not allowed to tell Client, the reason for using the information.

8. Account

8.1 A reference in these Terms to **Account** is a reference to the entire account relationship between Client and us and also, as the context requires, to each individual account for Client which is separately identified in our records. Each separately designated account is part of the Account and is not legally segregated

from any other separately designated account for Client even though we record and report on them separately. Our powers and discretions in relation to the entire Account apply to each separately designated account (including, for example, to permit any such accounts, or to terminate those accounts, from time to time or to impose limits or conditions on any separately designated account).

8.2 The agreement and all Services provided under it are provided by us as a registered managed investment scheme, subject to the Constitution for the Scheme and to our duties as responsible entity of the Scheme. Client's investments made under the agreement are for Client alone. Client has no interest in any Financial Products or Financial Services arranged by us for any other person under similar terms or who is a member of the Scheme nor in any property held beneficially for any other person. This applies even if the other person is a member of the Scheme or, for example, their money or Financial Products are aggregated in the same bank, custody or other account, or Client and the other persons have separately designated fractional interests in an investment (each is a separate Financial Product held respectively for Client and for the other persons) or the respective instructions of Client and the other persons are aggregated or accumulated in orders and they each receive benefits from price averaging of their transactions.

8.3 If Client makes the agreement as a body corporate, Client acknowledges that we may at any time request a guarantee or an indemnity (or both) from any or all of Client's directors to secure Client's obligations under the agreement and may cease Services unless and until we are satisfied as to the form and substance of the requested guarantee or indemnity. Providers of the guarantee or indemnity do not by that reason become a member of the Scheme.

8.4 Instructions may only be given to us on the following terms.

- (a) Client may give instructions to us either directly from Client or by an authorised representative of Client who is and remains acceptable to us.
- (b) An instruction properly given by Client to us is binding on Client.
- (c) We are entitled to assume that Client by giving us instructions is complying with the agreement and with all of its legal obligations. We are not obliged to review the authorisation or propriety of the instructions of Client's compliance with law.
- (d) Instructions properly given by Client remain effective until the earlier of: (i) being cancelled or superseded by Client giving instructions to that effect to us (in time for us to act on them); and (ii) being declined by us.
- (e) Client may only give instructions to us by the Platform unless we expressly permit otherwise. We will not ordinarily permit any instructions to be given other than through Client accessing their Account through the Platform. We will only permit instructions other than through the Platform in very limited circumstances in our discretion, such as in extraordinary emergencies and only if and when we are satisfied of the circumstances and the verification of the proposed Instructions. Any attempt to give instructions other than through the Platform will not be valid orders unless and until we have expressly confirmed that with Client. We may decline them or delay acting on them (at the risk

of Client). If we believe that Client is unreasonably attempting (on one or more occasions) to use this alternative method or to purport to rely on it contrary to the agreement, we may suspend or terminate the Account or end the agreement (or both) (at Client's risk).

- (f) We may decline to act on any instructions, or delay acting on any instructions without giving any reason for that or having to give prior notice of that.
- (g) We give no assurance that any person with whom we place an order will execute the order, or will not delay it or modify it. We are not liable to Client for any delay, modification or rejection of the order by the other person.
- (h) We are not responsible for Client instructions or orders placed by them through any Facility provided by another person.

8.5 Client acknowledges and agrees that:

- (a) The Platform is provided on an "as is" basis and "as available" from time to time. There is no express or implied representation, warranty or undertaking by us of any kind as to the features, continuity, standards of performance, functionality or error-free condition of the Platform. We expressly disclaim that the Platform will be without interruption, error free, or will meet Client's individual requirements, or be compatible with Client's hardware or software.
- (b) We may modify, suspend or discontinue, temporarily or permanently, all or any part of the Services, including all or any part of Platform.

- (c) We may, at any time and from time to time, without giving any reason or prior notice, discontinue, redesign, modify, enhance, change, patch the software on the Platform including without limitation, the structure, specifications, "look and feel," navigation, features and other elements of the Platform or any part of it. We will not be liable to Client or to any third party (for whom Client acts or who claims through Client) for any modification, suspension or discontinuance of all or any part of our Services or any particular part of the Platform.

- (d) These Terms do not expressly or by implication include or exclude rules for using the Platform. We may from time to time set, modify, add to, delete or end the rules (by whatever name they are given on the Platform or otherwise), without notice or liability for any of that. For example, we may have rules for the types of orders, limits on orders or positions, charges and how they apply, rates of charges (including notional or actual interest rates), permissible use and impermissible use of all or any part of the Platform (including data obtained from using or accessing the Platform).

- (e) Without limiting any other provision of these Terms including paragraph 5.5(d):

- (i) prices shown on the Platform may not reflect the prices of the Financial Products quoted on the exchange on which they would be dealt for Client and none of RE and Service Providers assure any minimum difference of pricing;

- (ii) prices shown on the Platform before or around the time of opening of the relevant exchange or other market following a week-end, public holiday or a time of suspension whether generally or for the particular Financial Product are the prices made available to us and may be materially different from the prices shown when Client instructed us to place the order prior to or during the period of non-trading of the Financial Product, at Client's sole risk;
- (iii) none of us and Service Providers assure that the execution price will be the price visible to Client at the time Client gives instructions to deal and the time an order is placed for that instruction nor do any of them assure any minimum standards of difference in the prices or the latency of price visibility and timing of execution;
- (iv) none of us and Service Providers assure that the execution price will be the best price available to Client at the time of execution of the dealing;
- (v) Client is solely responsible for monitoring and instructing us to cancel any orders placed for Client which remain open and none of us and Service Providers will monitor or take responsibility for that;
- (vi) Client is solely responsible for monitoring orders purged by the exchange or by a Service Provider and none of us and Service Providers will take responsibility for purged orders;
- (vii) Client is solely responsible for monitoring and managing the remaining part of a partially traded order and any cancellation of the remaining order;
- (viii) Client is solely responsible for giving instructions for reinstating lapsed orders; and
- (ix) if an event of Force Majeure occurs or we reasonably expect such an event will occur, we may modify, suspend or discontinue, temporarily or permanently, all or any part of the Services, including all or any part of Platform and whether or not that has occurred we may cancel open orders, limit open orders and close open positions at the price made available to us for that action, without prior notice and at Client's risk.
- (f) Client must not give instructions which have any of the following characteristics, regardless of Client's motive and regardless of whether or not Client was aware of the characteristics:
 - (i) the instructions are incomplete, ambiguous or unclear;
 - (ii) the instructions, the orders placed on those

instructions or, if implemented, the transactions arising from them would cause us to breach the terms of service of the Service Provider which provides the service we use to implement Client's instructions or which in any other way might reasonably be expected to expose a Service Provider to liability or expose us to liability to a Service Provider (including by way of an indemnity) or expose us to personal loss or liability.

(iii) the instructions, the orders placed on those instructions or, if implemented, the transactions arising from them would be reasonably likely to be contrary to law (whether involving a breach by Client, us, a Service Provider or any other person), or not permitted by the Constitution, or in conflict with rules, operating procedures or market practices which are relevant to the instructions or which in any other way might reasonably be expected to expose a Service Provider to liability, or expose us to liability to a Service Provider or expose us to personal loss or liability.

(g) If we reasonably believe that Client is breaching any of the rules for using the Platform or these Terms, we may (with or without notifying Client) do any of the following:

- (i) investigate the apparent breach;
- (ii) freeze payments to or from Client;
- (iii) reverse or cancel any transaction or profit or loss from any transaction on Client's Account;
- (iv) claim from Client, as a debt which is immediately due and payable, the amount of any profit which we reasonably determine is attributable (directly or indirectly) to the breach and which we have not otherwise recovered from Client's Account; and
- (v) suspend, limit or end all or any part of Client's access to the Platform, any Service, any separately designated account or the Account.

8.6 Client acknowledges and agrees that, in respect of the Account and for each separately designated account provided to Client:

- (a) We will not be responsible for any loss or liability incurred by Client in relation to taxation of any investment, payment, dealing or right associated with the account, including any fine, penalty or interest charge.
- (b) We, another customer of ours or a director, secretary, officer, representative, employee, consultant or Service Provider of ours or of a related body corporate of us may be the counterparty to a transaction executed on Client's behalf by us in operating the Account, or to a transaction in similar Financial

Products or their derivatives, at or near the time of the transaction for Client, and may take an opposite position or one which is contrary to or different from the transaction for Client. We may, on our own account or on behalf of other clients, take opposite positions in respect of Financial Products to those taken by us in operating Client's Account.

- (a) We may charge Client fees and charges, and recover expenses and be indemnified for amounts, at rates different from those charged to other clients.

8.7 Client acknowledges and agrees that, in respect of any Service and any account provided to Client:

- (a) We do not assure, guarantee or represent to Client that any particular investment performance will be achieved, that the capital invested by Client will be maintained or that any particular investment or trading strategy will obtain assured outcomes or meet any performance criteria.
- (b) The trading of Financial Products is speculative and carries with it the risk of loss of some or the entire amount traded and that Client's liability is not necessarily limited to the balance of the account (or of the entire Account) but may include Client's full liability arising from trading in Financial Products on terms agreed to or authorised by on behalf of Client.
- (c) We are authorised, in operating the Account, to deal in Financial Products on Client's behalf in respect of the purchase, sale and other management of Financial Products, including by Client's

discretionary authority given to us and to the exercise or roll-over of Financial Products (subject to any limits agreed with Client and subject to other provisions in the agreement).

- (d) Past performance of any strategy, portfolio or investment approach is not a guarantee, assurance or representation of future success, whether regarding accounts of any kind, any investment, portfolio or trading strategy or any service or investment.
- (e) Dealing in Financial Products involves the risk of substantial loss as well as the prospect of profit.
- (f) Income (if any) earned for the Account may be irregular and the timing of that income might not suit Client's requirements. Income earned outside of Australia may be subject to tax laws applying in those other jurisdictions, including obligations on the payer to make withholdings or to disclose information to tax or other authorities. Income earned in other currencies may fluctuate in unrealised value until converted into the currency denomination of any separately designated account, and any exchange in currencies may incur losses, charges (including by way of spreads) or fees, reducing the amount available to Client.
- (g) We will not be responsible for any loss or liability incurred by Client if we act or refrain from acting within the instructions or authorisations by Client, or if any dealing or proposed dealing is interrupted, unable to be completed or unable to take place due to the failure of any

telephone, computer or other electronic service or any other third party act or omission.

(h) We are not obliged to exercise any right or other benefit attached to or granted to a holder of any Financial Products held for Client in the Account (including, but not limited to, voting rights, participation in rights issues, share purchase plans, buy backs, takeover offers or schemes of arrangement) and will not be liable for failure or delay in exercising any of those rights on Client's behalf.

(i) Client's instructions to us may include discretions regarding execution subject to any limits set by Client, to other provisions in the agreement and to our duties and other obligations which by law cannot be excluded by the agreement. Those discretions as to execution include but are not limited to, timing of placing orders, reducing order sizes, placing order limits, copying signals for orders, aggregating with other clients' orders, averaging prices and accumulating orders. In exercising this discretion on execution of Client's instructions, we might expose Client to a range of risks including risk associated with poor investment strategies, loss of trading signals selected by Client before Client modifies its instructions, limited diversification of portfolios, changes in economic cycles, interest rates, investor sentiment, political, social, technological and legal factors, regulatory and government intervention, as well as changes in a company's management or its business environment as described. These risks may significantly and

adversely affect the value of Client's Property and the return which Client receives from that Property in measures including but not limited to volatility of returns, risks of returns and rates of return of investment.

8.8 Client acknowledges and agrees that:

(a) All money deposited by Client with us (or deposited with another person on our behalf), or received by us (or by another person on our behalf), which is sent by or on behalf of Client, which is required by law to be held on trust or which expressly or by reasonable implication ought to be held on trust (**client moneys**), will be held in one or more trust accounts (**client moneys trust account**) by us or by a person acting as sub-custodian or nominee for us. Each client moneys trust account will be a non-segregated account held on trust for or beneficially for Client and our other clients who are members of the Scheme.

(b) Client's moneys held in a client moneys trust account may be withdrawn and paid for any one or more of the following reasons:

(i) as permitted by law including for payment for fees, charges and costs by Client to us;

(ii) as permitted by the Constitution including for payment for fees, charges and costs by Client to us;

(iii) as Client directs or authorises (and we accept);

(iv) to pay fees, charges or costs which Client incurs or owes for the services of

- a Service Provider (directly or indirectly) arising for the benefit of Client;
- (v) into a bank account, other term or other account or deposit facility or cash management trust facility, whether in our name or maintained by our nominee or sub-custodian, as a non-segregated account held on trust for Client and for our other clients, maintained in accordance with applicable legal and regulatory requirements, whether or not that other account constitutes a client moneys trust account (and this clause is sufficient direction by Client to authorise the withdrawal of those client moneys to be paid into that other account).
- (c) In respect of Client's moneys in any trust account (including but not limited to a client moneys trust account) or in any other way held in custody for Client:
- (i) Client is not entitled to earn any interest on Client's moneys in any trust account unless we agree to that;
 - (ii) we are entitled to all interest earned on Client's moneys in any trust account; and
 - (iii) if we set an amount or rate of interest which we will pay or credit to Client in respect of Client's client moneys, we will pay or credit that and we are entitled to all other interest earned on those moneys above the amount or the rate which we owe Client.
- 8.9** If Client does not provide Client's tax file number, tax or investor identification number or details of exemption, we may be obliged by law to deduct and to withhold amounts from payments otherwise owing to Client at the highest marginal rate plus any applicable levy (including, in Australia, the Medicare levy and any other levy from time to time) as required by law and pay that to the relevant government agency.
- 8.10** Client acknowledges and agrees that:
- (a) If we act on behalf of Client in placing orders for Client, we do not generate the confirmation of the transaction and are not obliged by law to provide to Client the confirmation of the transaction.
 - (b) If we are obliged to issue a confirmation, Client authorises us not to send confirmations of transactions (including copies of them) unless Client later requests us to send confirmations but instead we will either make them available by the Platform or by sending the copy of the confirmations to Client's electronic address.
 - (c) Our correspondence (including notices) will be sent (at our choice) to Client's Account, to Client's electronic address (if such an address is provided in the Application Form or as Client later notifies to us) or both. Correspondence sent in either method will be deemed to be validly sent to Client and be effective communication to Client, even if Client does not access

their Account or emails or does not read the correspondence.

- 8.11** Client is and remains solely liable and responsible for all acts and omissions of its authorised representative even if the act or omissions of the authorised representative were outside their actual or ostensible authority or were in error, or were fraudulent, negligent, in breach of fiduciary duties or criminal.
- 8.12** Client agrees not to make, and waives any right Client may have to make, any claim against us for any loss incurred or suffered by Client which may arise in connection with any act or omission by Client's authorised representative of whatever kind. This clause may be pleaded as a bar to any claim made by Client in respect of asserted liability for us to pay or otherwise compensate Client or restore Client's Account.
- 8.13** If we provide a service for viewing Client's investments held in custody by another person or issued to or for the benefit of Client by another person, the information provided to Client is indicative only and should not be relied upon as the sole source of information for making investment decisions. The information is subject to data and information provided by other persons which we cannot control or verify. There may be significant time delays in the currency of any part of the information provided to Client.
- 8.14** Client authorises us to implement Client's instructions to us as we believe is in the best interests of Client. Client acknowledges that, if Client authorises us to implement Client's instructions to follow trading signals, it is in the best interests of Client that we implement them in accordance with Client's instructions and any limits on the operations of such service from time to time and will not make any other discretionary decision on behalf of Client. We do not assure or guarantee the performance of any particular investment,

return profits or maintenance of Client's investment arising from any transactions or decisions made under this authority.

8.15 Client agrees:

- (a) In consideration of the Services which we agree to provide, Client irrevocably appoints, severally, each director, company secretary and principal executive officer and each employee (whose title of office includes the word "manager" or "head") of us, whoever they are from time to time, as Client's attorney at any time to execute and to deliver all documents and to do all things which the attorney considers necessary or desirable to give effect to the provisions of the agreement (including these Terms) and, in particular, without limitation, in connection with or incidental to, the exercise of any of our rights and powers or for us to provide any of the Services. Those powers may be exercised in our interests despite any conflict with the interests of Client. This appointment survives termination of the agreement.
- (b) Client, for the benefit of us and for any attorney described in clause 5.15(a), must confirm and ratify whatever we and any other attorney does pursuant to the power granted under clause 5.15(a) and Client must (during and after the end of the agreement) wholly indemnify and keep us and any attorney indemnified against all claims, demands, costs, damages, losses and expenses, however arising, arising from or in relation to the lawful exercise of all or any of their powers and authorities contained under clause 5.15(a).

- (c) A grantee who is not a party to the agreement with Client may rely on this clause and enforce it against Client.

9. Service Providers

9.1 **Service Provider** means any person from time to time appointed, engaged or contracted by us (or by another Service Provider) for (directly or indirectly) enabling us to provide any of the Services or any component of the Services. This includes, without limitation, banks, dealers, lenders, option writers, market participants, market makers, issuers of Financial Products, custodians, financiers, brokers, clearing agents, settlement agents, issue and offer managers, operators of managed investment schemes, payment gateway providers, data storage and security protection providers, website providers, client identity verification service providers and dealing platform service providers. The scope of Service Providers is not affected or limited by whether they are acting as agent, independent contractor, fiduciary, in another legal relationship or any combination of them.

9.2 We may use, or arrange for Client's use, in our sole discretion, the services of one or more Service Providers as we determine from time to time is appropriate to allow us to perform the Services selected by Client from time to time.

9.3 Client authorises us to negotiate, to enter into and to make use of agreements with Service Providers without prior notice to or consultation with Client, as if we were the absolute legal and beneficial owner of the Property (subject to the agreement).

9.4 Client acknowledges and accepts for the benefit of us and each Service Provider from time to time that any agreement between us and a Service Provider from time to time may be directly or indirectly, expressly or implicitly, for us or for the benefit of members of the Scheme or for

any of our clients (including persons who are not members of the Scheme), or any combination of that.

9.5 The Service Provider may be an associate of us.

9.6 Client acknowledges and accepts for the benefit of us and each Service Provider (despite not being a party to the agreement) from time to time that any agreement between us and a Service Provider, whether for providing services on behalf of Client or otherwise, may include terms allowing or otherwise in relation to the following (without limiting other features or services):

- (a) acquiring, purchasing, selling, transferring, short-selling, subscribing for, applying for, transferring, lending, borrowing, redeeming or otherwise dealing with any Property (indirectly) on Client's behalf including to rebalance all or any part of Client's portfolio of investments;
- (b) processing receipts (such as dividends and coupon payments) in relation to Client's Property;
- (c) arranging for and agreeing to deal in Financial Products (indirectly) as between Client and any other client of ours whose property is aggregated in the same bank, custody or other account, including on the basis of arranging for netting of transactions made for one portfolio of investments in an account with those made for another portfolio of investments in an account;
- (d) arranging for and agreeing to copy orders of any other client of ours for arranging for orders and transactions for Client (including when the identity of the other client is not disclosed to Client but is referred to by anonymous

- identifiers managed by us or persons on our behalf);
- (e) arranging for and agreeing to implement orders for Client based on either our own decisions or on instructions or advice to us and appointed by us as selected by Client from time to time (including when the identity of the other person is not disclosed to Client but is referred to by anonymous identifiers managed by us or persons on our behalf);
 - (f) signing and executing all forms, deeds, transfers and other instruments necessary to operate, to maintain and to administer Client's Account and instructions from time to time;
 - (g) attending (or authorising attendance at) any meeting convened and exercising any rights attached to any Financial Products including voting, accepting or rejecting any proposal for creditors, takeover bid, scheme or arrangement or other corporate action;
 - (h) participating in, refraining from participating or ceasing to participate in any bonus or distribution investment plan relating to any assets recorded in Client's Account or otherwise subject to Client's instructions to us;
 - (i) exercising or not exercising any option held by or for us or granted to us or for Client's Account;
 - (j) dealing (including by arranging to place orders) in Financial Products including over-the-counter Financial Products and account balances provided in facilities in relation to those Financial Products;
 - (k) dealing in foreign exchange (spot, forward or otherwise) and other (OTC or exchangetraded) derivatives (including by arranging to place orders);
 - (l) clearing and settlement of all Financial Products;
 - (m) transactions on one or more Facilities including outside of an exchange;
 - (n) paying for transactions and for services, and fees, charges, expenses and other amounts owing in relation to that;
 - (o) nominee or custody holding of Financial Products, rights, interests or other assets or any other custody or depository of any of them;
 - (p) indemnifying the Service Provider;
 - (q) creating or permitting to be created encumbrances over Client's Property to secure performance of obligations arising in respect of Client's Property or generally in relation to the service provided by the Service Providers, including on terms that permit access to and enforcement over Client's Property without having to establish any default by or on behalf of Client, and without any compensation to Client for that;
 - (r) providing for enforcement and authorisation to take action on behalf of us or of Client (or both) or in our name or Client's name (or both) for the requirements of such facilities or services provided by the Service Provider (including security interests granted to them for the service); and

- (s) reporting only to us and not directly to Client, or to us for our reporting to Clients.

The examples above must be interpreted expansively and not so that they are exclusively independent of each other. The examples do not limit the scope of who may be a Service Provider or the terms of our agreement with them.

9.7 To the extent that our agreement with a Service Provider is (directly or indirectly) for or in respect of Services to Client or generally in respect of the Scheme or clients of the Scheme, we are only liable (to Client and to the Service Provider) in respect of those agreements in our capacity as responsible entity of the Scheme and not in our personal capacity except to the extent required by law or as expressly stated in the agreement between us and the Service Provider or in the agreement between us and Client.

9.8 To the extent that our agreement with a Service Provider is for services (directly or indirectly) for or on behalf of Client and to the maximum extent permitted by law:

- (a) the liability of a Service Provider to or in respect of Client is limited to our rights as responsible entity under our agreement with the Service Provider and we may exercise those rights in our discretion including if and how to enforce our rights (subject to our duties as a responsible entity and to the Constitution);
- (b) Client may not independently commence or sustain legal proceedings, complaints or other remedies against the Service Provider, whether in Client's name or in our name on behalf of Client;
- (c) (for the avoidance of doubt) the limitations on Client's recourse to a Service Provider do not affect Client's obligations: (i) to avoid

giving instructions for transactions which expose us or Service Provider to liability for conduct which is contrary to law (including for market misconduct) and (ii) to indemnify us for our liability to a Service Provider); and

- (d) the agreement (including this clause) may be pleaded by a Service provider (despite not being a party to the agreement) as a bar to any claim made by Client in respect of asserted liability of the Service Provider directly to Client.

9.9 For the purposes of the agreement:

- (a) A **Settlement Obligation** is an outstanding obligation which is required to be satisfied for settlement or clearing of Client's authorised transaction (whether due to delay or for any other reason) or arising because the transaction was cancelled including, in any case, but not limited to the following:
 - (i) the relevant payment for the transaction has not been received or made available in full from or on behalf of Client; or
 - (ii) Client has not provided the relevant documents, information or instructions by the last available time for settlement or clearing, as the case may be.
- (b) A **Recourse Obligation** is an obligation arising out of or in relation to a margin call, margin cover requirement, collateral requirement, instalment or partly-paid investment obligation, underwriting or other subscription commitment, in any case in relation to transactions or

services made for or held for Client, other than a Settlement Obligation.

9.10 Without limiting any other clause of the agreement, if we are liable (in any way, including jointly or severally) to any Service Provider arising out of any Settlement Obligation, Recourse Obligation or otherwise in relation to or arising out of our Services, or transactions or services arranged for or on behalf of Client, then we may (without prior notice to Client) pay on behalf of Client and later (including after termination of the agreement) require Client to indemnify us for, or we may first require Client to pay us (or partly both), as we decide, any one or more of the following:

- (a) our reasonable estimate of the amount to discharge the Settlement Obligation, Recourse Obligation or other amount or liability incurred by or for Client;
- (b) fees and charges levied by a market participant or a Facility provider or other Service Provider in respect of Client's transactions or their services to or for the benefit of Client;
- (c) a late settlement fee to be determined by us, to cover our reasonable costs and expenses arising from Client's delay or failure to settle including any Financial Product's borrowing costs (even if from another client of ours) or compensation to the other party to Client's transaction or to a Service Provider; and
- (d) interest on the outstanding amount or the amount we first pay, calculated and accruing daily at a rate which we assess as being our cost of bearing the liability.

9.11 If Client has not provided us with the relevant documents, information or instructions for settlement, or payment

due after a demand by us or by the Facility provider or other Service Provider to us or to Client (including to discharge a Settlement Obligation or a Recourse Obligation), then Client by the agreement:

- (a) authorises us to arrange to sell any of Client's Property in our control;
- (b) authorises us to close out any positions held in Client's Account;
- (c) indemnifies us for all claims, damages, costs and expenses which we incur directly or indirectly arising out of Client's delay or failure to settle (including by way of our indemnity and other compensation obligations to Service Providers);
- (d) authorises us to set-off any outstanding payment or debt owed by Client to us (for any reason) against a credit balance in any part of Client's Account; and
- (e) authorises us to transfer any Property held for Client to us to meet Client's liability to us,

in any combination of the above, but only to the extent necessary or reasonable to discharge some or all of Client's obligations to us or to the Service Provider.

10. Fees, charges and costs

10.1 Client owes and must pay the fees, charges and costs, including our account fees, brokerage fees, and commission payments, in relation to the Services provided to Client. Our fees, charges and costs applying at the commencement of the agreement will be disclosed to Client prior to the commencement of the Services to Client.

10.2 Client owes and must pay the expenses and reimburse us for any costs, charges and expenses (including stamp duty and

GST on transactions made on Client's behalf) and any fees imposed by a Facility and charges, in all of those cases directly or indirectly arising in relation to transactions for Client or arising from Client's defaults including Client's failure to pay for or settle Client's transactions or in relation to services provided by other persons which are obtained for the benefit of Client. The amounts of expenses or reimbursements cannot be notified in advance but in any case will be as determined by us as being reasonably based having regard to the actual costs or, if that cannot be reasonably ascertained, as we reasonably determine should be allocated to Client. For clarity, this clause does not require Client to reimburse or otherwise pay us for taxes imposed on us for our taxable income.

10.3 We may change our fees, charges and costs from time to time by written notice to Client. The notice may be given by email, letter, message posted to Client's Account or our website service or any other effective means of giving written notice. The notice will be effective whether or not Client actually read or accessed the notice. IF given by more than one method, it will be effective notice upon the first method of delivery to be performed. We will give notice of the change taking effect not less than the time required by law applying to our Services to Client and if no such law applies, we will give not less than seven (7) days' notice of a change taking effect. Client's continued use of our Services after the change takes effect is confirmation of Client's acceptance of the change in fees or charges. If Client does not agree with the change, Client must give us written notice of that and such notice also serves as notice to close Client's Account (whether or not expressly mentioned in Client's notice to us). Client cannot purport to reject the notice of changes yet also continue the Account.

10.4 Unless we expressly notify Client otherwise, we agree that Client may pay us the amounts Client owes us from time to time by authorising and directing Service Providers to withdraw from Client's account with them (or other Facility provided by them) to pay us (including to a person acting on our behalf) the fees, charges and costs (including reimbursement and indemnified amounts) owed by Client to us from time to time. Client agrees that, subject to any overriding law applying to the financial services provider, this clause may be relied upon by any Service Provider:

- (a) as the source of Client's written authorisation and written direction to them to withdraw from Client's account with them (or other Facility provided by them) and pay us such amount (including the basis for calculating the amount) which Client notifies the Service Provider in writing from time to time; and
- (b) as written confirmation that we are authorised by Client to notify the Service Provider on behalf of Client of the amount (including the basis for calculating the amount) to be withdrawn and paid to us from time to time.

10.5 Client consents to any fee, remuneration or other monetary benefit which we receive from a Service Provider or their associate, whether or not it is directly or indirectly relating to our Services, or Financial Products, Financial Services or Facilities provided by the Service Provider to Client, subject to: (i) prior disclosure to Client of the existence of those fees, remuneration or other monetary benefit; and (ii) we may not receive, and Client does not consent to, anything which is prohibited by law and to which Client may not give its consent to us receiving it in order to avoid the prohibition.

10.6 GST is payable on most fees, charges and payment for expenses and other amounts owing under the agreement. Unless otherwise specified, the fees and charges quoted or notified to Client are stated exclusive of GST. If GST is payable on any supply made by us under the agreement, Client must pay us an additional amount equivalent to the GST at the time that payment to us is due.

11. Client's warranties and undertakings

11.1 Client warrants and, if applicable to the obligation below, undertakes that:

- (a) Client has the power to enter into and to perform the agreement.
- (b) Client is not under any legal impediment or other impairment which makes, or could make, the terms of the agreement void, voidable or unenforceable.
- (c) Client is not insolvent, under any form of external administration nor has Client agreed to make a settlement with, assignment to, or compromise with its creditors.
- (d) Client has disclosed all relevant information to us to allow us to perform to the best of our ability our duties to Client.
- (e) All of the statements made by Client in the Application Form, or otherwise for the purposes of applying for the agreement to be made or for establishing the Account, are true and correct and not misleading or deceptive.
- (f) Client has had a reasonable opportunity to obtain all advisable or necessary independent advice for the purpose of deciding whether to enter into the agreement.

11.2 If Client enters into the agreement as a trustee, Client warrants in Client's personal capacity:

- (a) the trust has been duly constituted and is validly existing in compliance with all applicable laws and its trust deed has been duly executed and duly stamped, in each case in accordance with the laws of the jurisdiction under which the trust was constituted, unless otherwise expressly notified to us;
- (b) the trust deed and its constituent documents give the trustee power to carry on all of the business activities now conducted by it in any capacity and to enter into and to comply with its obligations under, and to carry on the transactions contemplated by, the agreement;
- (c) all necessary resolutions have been duly passed and all consents have been obtained and all other procedural matters have been attended to as required by the trust deed, any other document or any law for the entry into, observance and performance by the trustee of its obligations under the agreement;
- (d) each of Client's obligations under, and the transactions contemplated by, the agreement constitutes binding obligations and is completely and lawfully enforceable against the trustee and in respect of the trust's property in accordance with their terms;
- (e) nothing done under the agreement or any instructions given by Client is or will be a breach of any trust;
- (f) the assets of the relevant trust are, and at all relevant times will be,

sufficient and available to the trustee in that capacity to discharge Client's obligations and liabilities under the agreement;

- (g) Client is the only trustee of the trust unless all trustees are described in the Application Form and any later change is promptly notified to us;
- (h) no property of the trust has been re-settled, set aside or transferred to any other trust or settlement;
- (i) the trust has not been terminated, nor has the date or any event for the vesting of the trust's property in its beneficiaries occurred;
- (j) no determination has been made to distribute the trust's property on a date which is earlier than the latest date under the trust deed by which the trust's property must be distributed;
- (k) there is no conflict of interest on the trustee's part in entering into the agreement and performing its obligations under it;
- (l) it has an unrestricted right to be fully indemnified, reimbursed or exonerated out of the trust's property in respect of any losses or liabilities incurred by it as trustee and the trust's property is sufficient to satisfy that right of indemnity, reimbursement or exonerated; and
- (m) it has complied with its obligations in connection with the trust.

11.3 Each warranty by Client in this clause or elsewhere in the agreement is deemed to be repeated on each day that the agreement subsists.

12. Limitation of liability

12.1 Preserved Liability means:

- (a) any liability which by law may not be excluded, limited or qualified; and
- (b) any liability, or duty for which we are liable, specified in the agreement which we have expressly agreed may not be excluded, limited or qualified.

12.2 Subject to a Preserved Liability and except if directly due to our breach of law, negligence, wilful default of the agreement or our dishonesty, to the extent permitted by law, we are not liable to Client for the following:

- (a) our acts or omissions in reliance on Client's representations, warranties, undertaking and other obligations made by the agreement;
- (b) acting (in accordance with the agreement) on Client's instructions including pursuant to any discretionary given by Client to us (including by reason of the investment performance of Client's Account or by Client's decision to choose transactions or transaction signals from one or more sources for this purpose, whether or not we or any associate of ours is involved in generating or providing the transaction signals);
- (c) acting (in accordance with the agreement) any information provided by Client including by Client's authorised representative, agent or other representative which we have relied;
- (d) an event of Force Majeure and any other events or circumstances beyond our reasonable control (and we are not required to

assume further liability or expense in our capacity as responsible entity of the Scheme or in our personal capacity to have reasonable control);

- (e) an act or omission required by law or by a court of competent jurisdiction;
- (f) any actual or asserted fiduciary duty which is not expressly stated in the agreement;
- (g) any payment having been made to a fiscal authority, including but not limited to any taxes, stamp duty or government charges or levies;
- (h) any act or omission of an operator of a Facility, securities title, transfer or holding system; and
- (i) economic, indirect or consequential loss, whether or not those losses overlap (including, in any case, but not limited to loss of anticipated profits or savings), whether or not reasonably foreseeable.

12.3 Subject to a Preserved Liability, we are not responsible for any loss or liability incurred by Client to the extent arising from us acting or refraining to act within the authorisations by Client, or if any dealing or proposed dealing is interrupted, fails to complete or take place due to the failure of any telephone, computer or other electronic service or third party act or omission.

12.4 To the extent permitted by law (including being subject to a Preserved Liability), our aggregate liability to any and all persons other than Client in respect of Client arising under or in relation to the agreement (other than a Preserved Liability) is limited to our rights of indemnification from the Property held for Client and our rights of reimbursement and recoupment from

Client. If it is determined by a court that by law we are not permitted to disclaim or to limit this liability to Client or we are not permitted to limit the amount of compensation we may be liable for, or any of those limitations are unenforceable, then those limits are severed from the agreement as though they were not in it from the beginning of the agreement.

12.5 Each limitation of liability in the agreement (in this clause or elsewhere) is a separate limitation which does not limit any other limitation so that each limitation must be applied independently of the other.

13. Indemnities

13.1 An **Indemnified Liability** is any loss, claim, damage, cost or expense (including all reasonable legal expenses) which we incur and any other remedy against us which is associated with any other Indemnified Liability, in any case arising directly or indirectly as a result of:

- (a) taxes and other government levies or charges imposed on Client's Property or transactions made for Client;
- (b) Client's breach of the agreement;
- (c) Client's breach of any law or regulation;
- (d) Client's breach of any rule for using the Platform;
- (e) us acting in accordance with Client's instructions or relying on information given by Client or Client's behalf; and
- (f) claims of any kind by any third parties in relation to Client's Account or the Services provided to Client,

including, for the avoidance of doubt, any liability of any kind which we incur to a

Service Provider arising from any of the above, but in any case excluding:

- (g) a Preserved Liability; and
- (h) any liability arising directly or indirectly as a result of our negligence, wilful misconduct or fraud or our breach of the agreement.

This provision survives termination of the agreement.

13.2 If we reasonably believe that Client is or is reasonably likely to be liable to us for Indemnified Liabilities and we determine that we would mitigate Client's obligation to us by relying on this clause, we may determine the expected amount of the Indemnified Liability without incurring the Indemnified Liability or, having incurred it, without challenging the nature or amount of the Indemnified Liability. If we make this determination, we and Client will not be liable to each other for any adjustment to the amount of the Indemnified Liability unless it is later manifestly obvious that the amount of the adjustment would be material in all of the circumstances.

13.3 We may apply Client's liability to us to indemnify us for an Indemnified Liability (including if determined under clause 11.2) wholly or partly to Client's Account (including to one or more separately designated accounts even if any of them were not directly involved in the Indemnified Liability). Without limiting the effect of this right, this can have the effect of reducing all or some of the amount standing to the credit of a separately designated account, reversing records to remove transactions posted to an account or limiting or delaying payments from the Account until investigation and determination of potential Indemnified Liabilities.

13.4 Client accepts that Client's indemnities which are in our favour by the agreement and limitations on our liability to Client

and to other persons acting through Client or in their name are reasonable having regard to our duties to Client under the agreement and arising by law, our potential liability to Client (however that liability arises) and our risks of costs and other liability which could reasonably be expected to arise as a result of Client engaging in the conduct which gives rise to Client's indemnity.

14. Termination

14.1 Either party may at any time notify the other of termination of the agreement. No reason for termination is needed.

14.2 Termination of this agreement takes effect (despite any period of notice given by any party) on the earliest to occur of clause 12.4(e) or clause 12.4(f):

14.3 Termination of the agreement does not terminate:

- (a) indemnities in the agreement;
- (b) other obligations expressed in the agreement to survive termination;
- (c) obligations and rights which by law may not be terminated (such as obligations and rights arising under the Constitution);
- (d) liability of any party which accrued up to the time of termination and which is not otherwise extinguished by the express terms of the agreement.

Such rights, obligations and liabilities survive termination of the agreement.

14.4 Upon notice of termination being received:

- (a) Client owes and must pay us all our accrued fees, charges and expenses and other costs for reimbursement or indemnification (including our

- reasonable assessment of Indemnified Liabilities);
- (b) we will close at a time of our choosing Client's open positions and sell Client's other Financial Products at Client's cost and risk;
 - (c) we will set-off any existing obligations under the agreement as between us and Client (including taking into account any surplus from closing or selling positions and deducting all fees, charges and expenses and Indemnified Liabilities) to derive a single amount owing as between us;
 - (d) we will close the Account;
 - (e) if on closing the Account we owe Client payment of a single amount, we will send (or attempt to send) Client payment for that amount;
 - (f) if on closing the Account Client owes us payment of a single amount, we will send Client a demand for immediate payment of that amount;
 - (g) we will later deliver to Client all final accounts and reports in relation to Client's Account (except for statutory and tax reporting, each of which will not occur until in the ordinary course following the end of the financial year in which termination occurs);
 - (h) we are no longer responsible for performing the Services or any of our other obligations under the agreement.

15. Laws and regulations

15.1 All dealings between Client and us are subject to the following (without limiting other applicable laws):

- (a) *Corporations Act* 2001 (Commonwealth) (including the relevant regulations, ASIC instruments and other legislative instruments);
- (b) *Anti-Money Laundering and Counter-Terrorism Financing Act* 2006 (Commonwealth); and
- (c) rules, customs, usages, practices and regulations of any Facility which is relevant to Client's transactions.

15.2 To the extent any of the laws and regulations referred to in clause 13.1 or otherwise applying is inconsistent with the agreement, the laws and regulations prevail.

15.3 Client acknowledges that:

- (a) we are subject to various anti-money laundering and counter-terrorism financing laws and anti-tax avoidance laws (**AML/CTF Laws**) which may prohibit us from offering services or entering into or conducting transactions or performing Services; and
- (b) the AML/CTF Laws include prohibitions against any person dealing with the proceeds of or assets used in criminal activity (wherever committed) and from dealing with any funds or assets of, or the provision of finance to, any person or entity involved (or suspected of involvement) in terrorism or any terrorist act.

15.4 Client agrees that:

- (a) we are not required to take any action or to perform any obligation under or in connection with these Terms if we are not satisfied as to Client's identity or if we suspect on reasonable grounds that by doing so we may breach the AML/CTF Laws;

- (b) we may delay, block or refuse to make any payment or to provide any service if we believe on reasonable grounds that to do so may breach any law in Australia or any other country, and we incur no liability to Client if we do so; and
- (c) we will not incur any liability to Client for any loss which Client suffers (including consequential loss) however caused by reason of any action taken or not taken by us as contemplated in paragraph (a) or (b) above.

15.5 Client agrees to provide to us and to allow us or our agents access to, all information and documents which we reasonably require to comply with any law in Australian or any other country, including any AML/CTF Laws. The information which we may access, store and disclose for these purposes includes the information which is the subject of Client's authorisations in Client's Application Form or by any other means which Client authorises us. Client agrees that we may disclose information about Client which we collect or which we have, or about transactions or Services which Client has with or by us or which Client seeks to conduct with us, if we are required to do so by any applicable laws in Australia or in any other country or for the purpose of complying our AML/CTF program and compliance obligations.

16. Confidentiality, privacy and permitted disclosure

16.1 We will keep confidential all of Client Information and all other of Client's confidential information so we will not disclose it except as permitted by law (including when compelled by a notice or order properly issued by a regulatory authority) or as permitted by Client. Each of the foregoing circumstances applies even if we, or a related body corporate of us, may indirectly benefit from the use, disclose or analysis of Client Information; however, nothing in this clause may, generally or in any particular circumstance, expressly or by implication

reduce or disclaim the effect of our statutory duties, our licensee duties and clause 3.

16.6 Although Client's authorised representative does not make the agreement with us, by applying for and making the agreement, Client represents to us, and we rely on the representation, that Client has the authority from its authorised representative from time to time to provide to us the authorised representative's Client Information (including Personal Information) and to agree with us (by the agreement) to deal with it as part of the Client Information.

verification purposes; however, if Client does not consent to electronic verification as contained in the declarations section of the Application Form, Client must provide us with such documents as we require (including but not limited to certified copies of documents) so that we can verify Client's identity manually.

17. Dispute management

17.1 If Client has any complaint or dispute about our Services, we will follow our dispute resolution policy for the Scheme.

18. General

18.1 Time is of the essence of performance of a party's obligations under the agreement. If the agreement specifies when the party must perform an obligation or the last time to perform the obligation, the party must perform it by the time specified. Each party must perform all other obligations promptly.

18.2 Client must pay us any sum due under the agreement, including those described in clause 11, fully without deduction or set-off (and irrespective of any counterclaim) whatever.

18.3 A reference to interest in the agreement or to a charge or expense which could include interest will be interest at a rate determined by us as being a reasonable estimate of our direct and indirect costs which give rise to that interest and related or ancillary Services. Those costs need not be interest themselves. We do not need to give reasons or evidence supporting our determinations of the rate of interest.

18.4 A party to the agreement may exercise a right or remedy or give or refuse its consent in any way it considers appropriate (including by imposing conditions), unless the agreement expressly states otherwise.

- 18.5** If a party to the agreement does not exercise a right or remedy fully or at a given time, the party may still exercise it later.
- 18.6** A party is not liable for loss caused by the exercise or attempted exercise of, failure to exercise, or delay in exercising, a right or remedy under the agreement.
- 18.7** By giving its approval or consent, a party does not make or give any warranty or representation as to any circumstance relating to the subject matter of the consent or approval.
- 18.8** The rights and remedies provided in the agreement are in addition to other rights and remedies given by law independently of the agreement.
- 18.9** The indemnities and rights to be reimbursed in the agreement are continuing obligations, independent from the other obligations of the parties under the agreement and continue after the agreement ends. It is not necessary for a party to incur expense or make payment before enforcing a right of indemnity or reimbursement under the agreement.
- 18.10** The following applies to communications for the purposes of the agreement between the parties:
- (a) Communications include instructions, applications, orders, notices disclosures, provision of information and correspondence. (It does not include chatroom discussions.)
 - (b) Notices must be in English. Any notice which is not in English is subject to the notice which is in English and may not be inconsistent with or in addition to the notice in English. We need not act on any purported notice which is not in English.
 - (c) Communications during the time the agreement is effective must ordinarily be given through the Platform or by our website (whether or not Client accesses their Account or our website). The only permitted exceptions are as follows:

 - (g) disclosures of documents, policies, guides, rules and statutory reports may be given (solely or in addition to any other means) by email or other electronic delivery service previously accepted by Client (and will be effective delivery or provision to Client even if they contain a link to an electronic storage or website of the full notice or other documents, (whether or not Client uses the link);
 - (h) Communications after the time the agreement is effective may be given by a person to the other in writing by hand delivery, email, other electronic communication service (including by our website or other digital service) or post. Electronic communications (including notices or notices of disclosures) will be effective even if they contain a link to an electronic storage or website of

the full notice or disclosure document, (whether or not Client uses the link).

18.11 Nothing in the agreement may be taken as giving rise to a relationship of employment, joint venture or partnership nor as to any agency except as expressly specified in the agreement.

18.12 Failure or neglect by a party to the agreement to enforce any of the provisions of the agreement must not be construed as, nor may be deemed to be, a waiver of their rights under the agreement nor in any way affect the validity of the whole or any part of the agreement nor prejudice our rights to take subsequent action.

18.13 If Client is comprised of two or more persons, then the Account must be established in the names of all of the persons who comprise Client. This will operate as each person holding their interests as joint tenants (unless we expressly agree in writing). Each person constituting Client is jointly and severally liable for the obligations under these Terms. We may discharge our duties to all of the persons who comprise Client by sending notices or payments to any one of the persons. We may act on the instructions of any one of those persons.

18.14 An agreement, representation or warranty by two or more persons binds them jointly and each of them individually.

18.15 Client may not assign the agreement, because it is personal to Client. We may assign the agreement (including the benefit and the burden of it):

- (a) if the assignment is concomitant with our retirement as responsible entity of the Scheme and assumption of that capacity by another person, when that assumption takes effect; and

- (b) in any other case, by giving not less than twenty (10) days' notice of that to Client.

18.16 The agreement contains the entire agreed terms agreed by Client and us for the Services and all related and ancillary aspects between the parties and supersedes all prior communications, negotiations and documents in relation to the Services.

18.17 Except as specified otherwise in these Terms or as required by law, the agreement cannot be amended or varied except in writing and either:

- (a) agreed by the parties (without needing a formal signed or otherwise executed agreement); or
- (b) by us giving not less than fourteen (14) days' prior notice to Client.

18.18 If any term or other provision of the agreement is held by a court to be illegal, invalid or unenforceable under the applicable law, then that term or provision is to be interpreted as being severed from the agreement and the remaining Terms will be unaffected by that.

18.19 The agreement is governed by and must be construed in accordance with the laws in force in New South Wales. The parties submit to the nonexclusive jurisdiction of the courts operating in New South Wales.
